ACKNOWLEDGEMENT

My sincere and deep gratitude is to my esteemed guide Dr. K. NAGARAJAN, M.Sc. (Phy.), M.A. (Psy.), M.Ed., Ph.D., Reader in Physical Science, Meston College of Education, Chennai - 600 014 for his able guidance, critical comments and valuable suggestions which enabled me to have clear and logical insight into the area of my research. It is indeed a privilege to be under his dedicated care and constant exhortation towards achieving perfection.

I also express my thanks to Dr. D. KUMARAN, Reader in the University Department of Education, Madras University for his continued encouragement and help, when the research work was in progress.

I acknowledge with thanks for the words of encouragement rendered by the Principal and Staff of Meston College of Education, Chennai - 600 014.

I also record my gratitude to the heads of various institutions and students who co-operated in this research investigation.
