ACKNOWLEDGEMENTS

I remain deeply indebted to Professor K.V. Bhanu Murthy for his extreme patience and dedication in supervising my research work, despite his very busy schedule. With an amazing clarity of thought, he was deeply involved with every aspect of this work in a very detailed fashion, even at the cost of his own research work. Professor K.V. Bhanu Murthy took a lot of strain on himself all through in order to improve the quality of the work. Without his devoted guidance, my research in the area of foreign direct investment would have been unproductive. I am also thankful to Professors Y. P. Singh and Professors J. P. Sharma for their guidance and support.

I thank all my family members and friends for their unconditional love, encouragement and support to complete my thesis. I am very thankful to my lovely and caring aunty, Mrs. Sharda Murthy for showing me the direction without which it would not have been possible to complete the research work. I remain obliged to my senior colleague, Dr. Ashis Taru Deb for his moral and material support. Amongst my friends, I express gratitude to Dr. A. K. Singh, Dr. (Mrs.) Lovleen Gupta, Mr. Samir and Phool Chand for their moral support and encouragement.

I take this opportunity to thank the staff of Ratan Tata Library and Institute of Economic Growth library, for their kind help. The Photostat facilities associated with Ratan Tata Library and Institute of Economic Growth Library were of great help.

I remain grateful to staff of Arun Thesis Typing Center in general and Sunny in particular for efficiently converting the work in its current form.

I also thank all those who could not find a separate name but have helped directly or indirectly.

Last but not the least, and most importantly, I thank God for bestowing me with all his blessings to help me in achieving my goals.
