ACKNOWLEDGEMENTS

This thesis would not be possible without support of many people. I express my sincere gratitude towards Dr. S. G. Bhirud for his valuable guidance during this research work. His in-depth subject knowledge, particularly related to soft computing helped me to learn basic skills, master and apply in the field of software estimation. I salute his knowledge, experience, skills and co-operative nature towards society without any expectation and wish to be his student for life time.

I owe my deepest gratitude to Dr. D. J. Shah, The Dean of MPSTME for providing me opportunity to be research scholar of such eminent institute. His constant encouragement and support helped me to complete the research work and thesis.

It is an honor for me to thank Dr. Rajan Saxena, Vice-Chancellor, NMIMS and Dr. Madhav Welling Pro-Vice-Chancellor, NMIMS providing opportunity & facilities to pursue Ph.D.

I express my gratitude to Dr. Magne Jorgensen, Simula Research Lab, Oslo, Norway for valuable guidance and providing access to the BEST, web resource of research literature.

I feel so proud to be the member of SVKM family. I express my heartiest gratitude towards Shri. Amrishbhai Patel, The President, SVKM, Shri. Bharat Sanghvi, Mentor Trustee, DJSCE Shri. Asoke Basak, CEO, SVKM and all SVKM trustees and officials.

I would like to thank Dr. Hari Vasudevan, Principal, DJSCE for his constant support and encouragement. I am indebted to colleagues Prof. K.S. Kinage, Prof. Ketan Shah, Prof. Saurabh Deshmukh, Prof. Mrs. Neepa Shah, Prof. Mrs. Kiran Bhowmick and all staff members of Department of Computer Engineering of DJSCE for their co-operation and necessary help.

This thesis wouldn’t be possible without moral support and encouragement from parents Mr. Vilasrao and Mrs. Sharayu, wife Mrs. Archana, sisters Mrs. Anupama and Mrs. Supriya, daughters Prachi and Pranjali, and other family members.

Finally I am grateful to all who helped me directly or indirectly during the period of research work.
