List of Tables

Table 1  Some medicinal orchids and their therapeutic uses
Table 2  Simple naturally occurring bibenzyl derivatives
Table 3  Simple naturally occurring 9,10-dihydrophenanthrene derivatives
Table 4  Miscellaneous bibenzyl derivatives
Table 5  Miscellaneous 9,10-dihydrophenanthrene derivatives
Table 6  Dimeric bibenzyl derivatives
Table 7  Antimicrobial stilbenoids from natural sources
Table 8  Reactive oxygen species and their corresponding neutralizing antioxidants
Table 9  Different flavonoids with main dietary sources
Table 10  Foods containing antioxidant constituents
Table 11  List of protected benzaldehyde (245-256)
Table 12  IR spectral data of benzylated benzaldehydes
Table 13  $^1$H NMR spectrum of benzylated benzaldehyde
Table 14  List of triphenylphosphonium salts (260-262)
Table 15  List of stilbene derivatives (263-277)
Table 16  IR spectrum of stilbene derivatives
Table 17  $^1$H NMR spectrum of stilbene derivatives
Table 18  List of bibenzyl derivatives (278-292)
Table 19  IR spectrum of bibenzyl derivatives
Table 20  $^1$H NMR spectrum of bibenzyl derivatives
Table 21  $^{13}$CNMR of bibenzyl derivatives
Table 22  Free radical scavenging activity of extracts of *M. acuminata* pseudobulbs
Table 23  Antioxidant activity of isolated compounds of *M. acuminata* and synthesized stilbenoids
Table 24  Antimicrobial activity of *M. acuminata* extracts
Table 25  Analgesic activity of *M. acuminata* extracts
Table 26 Anti-inflammatory activity of *M. acuminata* extracts

Table 27 Phytochemical screening of *M. acuminata* pseudobulbs

Table 28 Column chromatography of the hexane-soluble portion of the methanolic extract of *M. acuminata*

Table 29 Column chromatography of the chloroform-soluble portion of the methanolic extract of *M. acuminata*

Table 30 Column chromatography of fraction FC05

Table 31 Column chromatography of the ethyl acetate-soluble portion of the methanolic extract of *M. acuminata*

Table 32 Per cent inhibition of DPPH absorbance at different concentrations of methanolic extract

Table 33 Per cent inhibition of DPPH absorbance at different concentrations of hexane extract

Table 34 Per cent inhibition of DPPH absorbance at different concentrations of chloroform extract

Table 35 Per cent inhibition of DPPH absorbance at different concentrations of ethyl acetate extract

Table 36 Per cent inhibition of DPPH absorbance at different concentrations of butanol extract

Table 37 Per cent inhibition of ABTS absorbance at different concentrations of methanolic extract

Table 38 Per cent inhibition of ABTS absorbance at different concentrations of hexane extract

Table 39 Per cent inhibition of ABTS absorbance at different concentrations of chloroform extract

Table 40 Per cent inhibition of ABTS absorbance at different concentrations of ethyl acetate extract

Table 41 Per cent inhibition of ABTS absorbance at different concentrations of butanol extract

Table 42 Antimicrobial activity of *M. acuminata* extracts

Table 43 Analgesic activity of *M. acuminata* extract by acetic acid induced writhing

Table 44 Mean rat paw volume at different time intervals
