ACKNOWLEDGEMENTS

A successful completion of a research work, especially of the Doctor of Philosophy in Management calls for intellectual nourishment, valuable guidance and professional help, selfless cooperation, encouragement, support and blessings from the Almighty God.

I am greatly indebted to my Honorable Guide, Dr. A Kumar, Professor, Head & Dean, Department of Business Management, Bhavnagar University, Bhavnagar, who encouraged, supported and guided me throughout my research work. Inspite of heavy pre-occupations provided his valuable time during this study period and guided me with his constructive comments, constant advices and valuable suggestions at each stage of the study and helped me to complete this research work successfully. He is rather more than a mentor to me. He is like a ray of hope in the dark for me.

I acknowledge the wholehearted support from my H’ble Chariman Shri Khodidasbhai Patel, Vice Chairman Shri Ranchodsbhai Patel, Director Academics Shri Denishbhai Patel and Director Administration Shri Shivlalbhai Ramani and trustees of R.K.Group of Colleges Rajkot.

I would also like to duly acknowledge the help and support of my dear colleague Ms. Varsha Virani who continuously held a helping hand as and when required throughout the studies and also at work in the institute.
I will be failing in my duty if I do not acknowledge my deep and heartfelt gratitude to my respected and dear parents Shri Harishbhai and mother Shrimati Bhartiben for their encouragement, support and blessings without which not only this study would not have been possible but also me reaching such success is impossible without them. Because whatever I am today it’s only because of my encouraging father and visionary mother. I would also like to thank my dear Sister Anjali and my brother-in-law Divyesh who helped me in my data collection task.

I am heartily Thankful to my respected Mother-in-law Shrimati Shailaben for her support and Father-in-law Shri Upendrabhai Mehta whose knowledge of MSc. Chemistry helped me in this research. I heartily acknowledge the patience, care and assistance of my loving Husband Kshitij during my study time when this research work occupied my attention and free time. I just cannot forget to mention the support of my dearest baby who is yet to come in this world in the month of December for encouraging me to complete my task and get the degree.

This list is almost incomplete if I don’t acknowledge all those who have helped me directly and indirectly in my research work. I am really grateful to all of them.
