ACKNOWLEDGEMENTS

In the preparation and completion of this study, the author has accrued many more debts than it is possible to acknowledge. At the outset the author expresses his gratitude to Dr. Praful H. Dave, Professor and Head of the Department of Education, Regional College of Education, Mysore, for the assistance rendered in the preparation of Research Design.

The author is thankful to Dr. D. N. Seetharamiah, Reader in Education, Incharge Head of the Department of Postgraduate Studies in Education and Research, University of Mysore, for his kind help in the preparation of thesis report.

The author is highly grateful to Dr. M. S. Thimmappa, Lecturer in Psychology, Department of Postgraduate Studies in Psychology and Research, University of Mysore, for his valuable comments and suggestions in finalising the thesis report.

The author is beholden to Prof Harry Passow of the Horace Mann-Lincoln Institute, Teachers' College, Columbia, New York, USA for having kindly accorded permission to use the material from the book "Bright Underachievers".
The author is also grateful to Dr. Robin Andrews, Professor of Education, Queen's University, Kingston, Ontario, Canada, for having spared his Doctoral Thesis for reference.

The author is thankful to the State Bureau of Educational and Vocational Guidance, Bangalore for having accorded permission to use the Group Test of Scholastic Abilities.

Grateful thanks are extended to the numerous teachers who constituted the Expert Committee and helped in the preparation of Academic Achievement Tests, Profiles and Quiz items.

The author thanks all the Headmasters for having provided adequate facilities to conduct the tests and counselling interviews in their schools.

Finally, the author records his appreciation of the sincere efforts of the underachievers in improving their academic achievement.
