ACKNOWLEDGEMENT

The author wishes to express his appreciation and thanks to Professor M. R. Srinivassan, Head, Division of Dairy Technology Division, National Dairy Research Institute, Karnal for his valuable suggestions and constant help during the course of this investigation. It was a rewarding experience to work with him. His inspiration and advice shall always be remembered.

The author is grateful to Mr. R. Balachandran, Assistant Professor for his valuable suggestions during the preparation of this manuscript and to Mr. K.N.S. Sharma, Statistician, for his kind help in statistical analysis of the data. Sincere appreciations are expressed to Dr. S.K. Uptec, Mr. U.S. Rajorhia, Mr. D.C. Bhattacharya, Mr. B.U. Ladkani and Mr. K.P. Unnithan for providing help whenever needed.

The author also wishes to thank Dr. M.P. Bindal and Mr. K.K. Singhal, and all members of the Dairy Processing Division for their interest and encouragement during the course of this investigation.

The author wishes to thank Dr. D. Sundaresan, Director, National Dairy Research Institute, for providing the necessary facilities.

Award of Senior Research Fellowship by the Indian Council of Agricultural Research is acknowledged with thanks.

Parekh, J.V.
