ACKNOWLEDGEMENTS

I owe a tremendous debt of gratitude to Dr. H. A. Khan, Professor, Department of Studies in Library and Information Science, University of Mysore, Mysore for supervising this work. Under his very valuable guidance this thesis has been prepared. I am immensly benefitted by his academic insights. He has been very affectionate to me.

The staff of the following university libraries provided invaluable help. In Bangalore: Bangalore University Library, University of Agricultural Sciences Library (G K V K), Indian Institute of Science Library; in Mysore: Mysore University Library and in Dharwad: Karnataka University Library. I thank them all.

Thanks are due to Sri K.S. Deshpande, Retired Librarian, Karnataka University, Dharwad, who offered a very valuable information regarding the practical aspects of the library planning.

I am also thankful to Sri Vasantha Kumar, Associate Professor, Department of Statistics, University of Agricultural Sciences, Bangalore who offered me
constructive suggestions while preparing this thesis. At various stages of this work I have consulted him. He has been very affectionate to me.

My thanks are also due to Sri Kendada Mutt, Assistant Librarian, Karnataka University Library, Dharwad who helped me in collecting the necessary data.

I am immensely thankful to my husband Sri Aswathanarayana, who has been a guiding force to me.

I am also thankful to Dr. Kirgandur Manjunath and K.P. Sreenath for their help.

G. LALITHAMBA
