**List of Figures**................................................................................................................................. ii-v

**CHAPTER I: INTRODUCTION**............................................................................................................ 1

1.1 Statement of the problem.......................................................... 6

1.2 Review of Literature ............................................................... 10

1.3 History of Environmental Journalism........................................... 13

1.4 Environmental information dissemination: Some case studies........... 20

1.5 Research Objectives ........................................................................ 29

1.6 Research Hypothesis ...................................................................... 29

1.7 Research Methodology ................................................................ 30

1.7.1 Research Design ...................................................................... 30

1.7.2 Research methods ..................................................................... 32

1.7.3 Selection of sample .................................................................... 32

1.7.4 Research Sample ...................................................................... 33

1.7.5 Sampling Techniques................................................................. 33

1.7.6 Data Collection Tools and measurement techniques ................. 34

1.7.6.1 Literature survey method..................................................... 34

1.7.6.2 Schedule method................................................................. 34

1.7.6.3 Schedule design ................................................................. 35

1.7.6.4 Use of Rating scales ............................................................ 35

1.7.7 Content Analysis .................................................................... 35

1.8 Rationale of the study .................................................................. 36

1.9 Scope of the study ...................................................................... 37
CHAPTER II: LOCALE OF THE STUDY

2.1 Introduction

2.1.1 Geography

2.1.2 Seismic Zone

2.1.3 Urbanization pattern

2.1.4 Overall Decadal Population & Growth Rate

2.1.5 Sex Ratio

2.1.6 Literacy Rate

2.1.7 Economy of the city

2.1.8 Major industries

2.1.8.1 Refineries and petroleum

2.1.8.2 Tea Industry

2.1.9 Forest and Wood Industry

2.1.10 Handloom and Handicraft Industries

2.1.11 Tourism industry of Guwahati city

2.1.12 Environment

2.1.13 Disaster Management and reduction

2.1.14 Transportation

2.1.15 Drainage & Storm Water

2.1.15.1 Major Problems in Drainage

2.2 Danger to the study

2.2.1 Flooding problem

2.2.2 Pollution problem

2.2.3 Sanitary problems

2.2.4 Solid Waste Problem

2.3 Ecological Imbalance of nature
CHAPTER –III : PRINT MEDIA AND ENVIRONMENT

3.1 Environmental Issues and media’s response

3.2 Print media and environmental issues

3.3 Media and Disaster Communication

3.4 Role of Mass Media in identification and exploration of environmental issues

3.5 Mass media practices

3.6 Other media types and environmental information dissemination

3.6.1 Institutional media

3.6.2 Traditional media and Assam

3.7 ICT and Environment

3.8 Newly emerging social media and Environmental knowledge dissemination

CHAPTER-IV: DATA ANALYSIS AND INTERPRETATION

4.1 Analysis of primary data

4.1.1 Socio-economic information of the respondents

4.1.2 Findings regarding role of media

4.1.3 Results of Open ended questions

4.2 Content analysis result

4.2.1 Result of Content Analysis

4.3 Two months comparative study of Environmental news published in “The Assam Tribune” and “The Sentinel” for the year of 2010 & 2011
4.3.1 Findings of comparative analysis

CHAPTER-V : IMPORTANT FINDINGS, SUGGESTIONS & RECOMMENDATIONS

5.1 Summary Findings

5.1.1 Summary findings of the surveyed data

5.1.2 Return rate of questionnaire

5.1.3 Respondent’s views about Environmental Education

5.1.4 Respondent’s attitude towards role of media

5.1.5 Use of media tools by the respondents

5.1.6 Respondent’s attitude towards media sources

5.1.7 Respondent’s trustworthy sources

5.1.8 Respondent’s attitude towards familiarity with environmental issues

5.1.9 Respondent’s level of concern about environmental issues

5.2 Suggestions & Recommendations

5.3 Research Limitations

CHAPTER-VI : CONCLUSION AND FURTHER STUDY

6.1 Conclusion

6.2 Further Study
