It gives me immense pleasure in expressing my gratitude to Dr. G.S. Sodhi, Department of Education, Panjab University, Chandigarh, for accepting me as his student. This major work could not have been completed without the personal interest, devotion and efforts put by him in providing me guidance in selecting the topic, designing the project, execution and interpretation of results. This work, in fact, could not have been accomplished in such a form without his mature advice at all. He has been very kind, cooperative and liberal in giving me his precious time in helping me in overcoming the various difficulties. I am highly indebted to him for providing me excellent guidance in the completion of this major project.

It further gives me pleasure in appreciating the cooperation and guidance given to me by Dr. (Mrs.) B.K. Saini, Chairman, Department of Education, Panjab University, Chandigarh.

I also express my heart-felt thanks to Prof. J.N. Joshi, Prof. S.S. Mathur, Dr. (Miss) Sudesh Gakhar and Mr. H.S. Bajwa, for their help in removing my doubts from time to time.

I also express my heart-felt gratitude to Prof. H.B.L. Vohra, Head of the Department of Education, T.T.I., Chandigarh for extending his willing cooperation and valuable guidance.
It gives me pleasure in expressing my thanks to 
Miss S.Kapoor, Principal and Shri R.L.Nayyar, Superintendent, 
Government Girls Higher Secondary School, Sector 18, Chandigarh, 
for their willing cooperation at various occasions when I needed most.

I have been giving lot of botheration to Dr.G.S.Sodhi 
and disturbing him from time to time for giving me guidance. 
This must have been a major problem to Mrs.Sukhwant Kaur Sodhi 
and their children, but they always received me with smiles and 
provided me opportunities for availing time from Dr.Sodhi for 
guidance. I am extremely thankful to their kind cooperation.

I am equally grateful to the 'Subjects' and the Heads of 
various Institutions who readily rendered all help and co- 
operation in the Data Collection.

The neat and clean typing work done by Mr.K.R.Mittal, 
needs a special mention. Inspite of the major work, he did the 
excellent job in a very short time. I express my thanks for his 
cooperation.

In the last but not the least, I express my gratitude to 
my husband Mr.Ashokkumar Chitkara, for his cooperation and help at 
all occasions from initial stage of the project to its completion. 
I will be failing in my expressions, if I do not put a few words of 
thanks for my sweet children Mohit and Mansi for their patience in 
allowing me to complete the project.
