ACKNOWLEDGEMENTS

Praise be to Allah for granting me the ability and the perseverance to go through the hardship of completing my Ph. D thesis. I have been blessed with a number of supporters who helped me through this endeavor. It is hard to express my gratitude to all of them in these lines.

First of all, I would like to express my sincere thanks and deep appreciation to my supervisor Dr. Ashok Thorat for his guidance and continued inspiration. I have benefited a lot from his exemplary and excellent supervision. Without his support, this work would have never come to existence.

I am greatly indebted to Dr. Jassam Mohammed at the University of Tikrit who generously spent a lot of his valuable time and effort for providing me with references in Arabic and answering my questions.

Special thanks go to my colleague Mrs. Bushra Ni'ma Al-Rikabi for her kind help. I benefited a lot from her notes and suggestions.

My deepest gratitude goes to my family whose appreciation and enthusiasm for learning have always been an inspiration, and whose love and support have sustained my perseverance. My cordial thanks also go to my sister, Um Ali, to whom I have relayed all responsibilities to take care of my parents in my absence in Incredible India.

Thanks and appreciations are due to Dr. Ahmed H. Muhsin, professor of Arabic rhetoric for his invaluable comments and review of my study in Arabic.
Last but not the least, to whoever helped or supported me are special words of indebtedness and heart-felt appreciation.
