ACKNOWLEDGEMENTS

There are a number of people without whose help, this journey wouldn’t have been successful.

I am indebted to Indian Council of Medical Research, New Delhi. for appointing me as Senior Research Fellow to the Adhoc Research Project No: 59/18/2005/BMS/TRM and providing monetary support which made my journey very easy. The present thesis is a part of this Research Project.

I feel highly privileged to express my gratitude to my guide, Prof. C.V. Raghuvir, Director of Post Graduate Studies and Research, Yenepoya University, Mangalore, (former Dean, Kasturba Medical College, Mangalore and Medical Director and Dean, Srinivas Institute of Medical Sciences and Research Centre, Mukka, Surathkal, Mangalore) for his valuable guidance, interest, enthusiasm and encouragement throughout the course of this study. As a source of inspiration, his interest and involvement in the study made me to work harder, more perfect and to complete the work in time. The suggestions and insights that I received from him kept me in track.

I would like to thank sincerely my co-guide, Dr. Vivian D'Souza, Associate Dean and Prof. Biochemistry, Kasturba Medical College, Mangalore, who has been supportive and encouraged me throughout the study.

I wish to express my heartfelt thanks to Dr. Poornima A. Manjrekar, Prof. and Head, Department of Biochemistry, Kasturba Medical College, Mangalore, and the Principal Investigator of the above mentioned ICMR project for having faith in me and giving an opportunity to work as SRF in her project. I thank her for invaluable support, encouragement and timely help received during the entire study period.

I am obliged to Dr. Srinivasan K.K., Former Prof. Pharmaceutical Chemistry, Manipal College of Pharmaceutical Sciences, Manipal, for his timely help in knowing about the plant materials and extract and various other aspects of the study.
I thank sincerely Dr. Sidney D’Souza, Prof. Medicine, Kasturba Medical College, Mangalore, for his valuable guidance.

I acknowledge the help received from Natural Remedies Private Limited, Bangalore. The R&D Department supplied needed standardized plant extracts unconditionally.
I owe my gratitude to Mr. Prashanth Shetty, Vice President, AJ Institute of Medical Sciences, Mangalore, for his support and encouragement.

I acknowledge the support and encouragement given by Dr. Ramesh Pai, Dean, AJ Institute of Medical Sciences, Mangalore.

I would like to thank sincerely Dr. Nandini M., Addl. Prof., Department of Biochemistry, Kasturba Medical College, Mangalore, who has been ready to guide and help me in the study.

I thank Dr. Anupama Hegde, Assoc. Prof., Department of Biochemistry, Kasturba Medical College, Mangalore, who has been supportive throughout the study. Thanks to all the teaching faculty of the department of Biochemistry, Kasturba Medical College, Mangalore.

I acknowledge the support given by Dr. Ashok Kumar J., Prof. and Head, Department of Biochemistry, AJ Institute of Medical Sciences, Mangalore. I am indebted to all my colleagues of Department of Biochemistry, AJ Institute of Medical Sciences, Mangalore, for their support and encouragement.

I express my sincere thanks to the support given by Dr. H.P. Kedilaya, former Prof. and Head, Department of Biochemistry, AJ Institute of Medical Sciences, Mangalore, during the study period. His words of encouragement always made me to feel better and work better.

I am grateful to Mr. Shashidhar Kotian, Department of Community Medicine, Kasturba Medical College, Mangalore, for the timely help in the statistical analysis.
I am indebted to Dr. Sandhya I., Asst. Prof., Department of Pathology, A J Institute of Medical Sciences, Mangalore, for her help in taking beautiful microphotographs of the histopathology sections.

I acknowledge the encouragement and support given by Dr. Gopalakrishna Bhat K., Assoc. Prof., Department of Microbiology, Kasturba Medical College, Mangalore.

I bow my head to Mr. Jagannath, Animal Attender and Mr. Rajesh, Lab Assistant, Department of Biochemistry, Kasturba Medical College, Mangalore, who helped me a lot during the study.

I acknowledge the help obtained by Animal officer, Central Animal House, Kasturba Medical College, Mangalore.

I thank all the technical and non-teaching faculty of department of Biochemistry, Kasturba Medical College, Mangalore, for their timely help. I also thank the faculty of Central Library, Kasturba Medical College, Mangalore, for their help.

I thank my dear husband Mr. P.M.Bhat who has been very supportive. As the man behind my success, he taught me to dream and to work hard towards fulfilling it. He always had solution for the difficulties that came across the study period.

I am grateful to my beloved daughter Kavya M.Bhat who is acquiescent and very kind. Thanks a lot dear for understanding me so well.

I am proud of my parents Mrs. Ishwari and Mr. D. Gopala Krishna Bhat, for their constant encouragement, love and attention which have made me to accomplish this work. I am thankful to my brothers, sister and all my family members for their support and encouragement.

I thank sincerely all my friends who helped and supported me directly or indirectly during the entire study period.

BHAGYAJYOTHI
