ACKNOWLEDGEMENTS

First and foremost I thank the Lord Almighty for his abundant Blessings in every step of my research work.

I wish to place on record my deep sense of gratitude and profound thanks to Dr. X. Rosario Rajkumar, Reader in chemistry (Retd.), Department of Chemistry, St. Joseph’s College, Tiruchirappalli, for his invaluable guidance, encouragement, his readiness and willingness to help and moral support he extended throughout the course of my research work.

Special thanks are due to Rev. Dr. S. John Britto SJ, Rector, Rev. Dr. A. Albert Muthumalai SJ, Secretary, Rev. Dr. A. Sebastian SJ, Principal and the Management of St. Joseph’s College, Tiruchirappalli for providing all the necessary facilities and help.

I convey my deep sense of gratitude and thanks to Dr. (Sr.) Jeusin Francis, Principal, Sr. Sagayamary, Secretary, Former Principals, Dr. (Sr.) Maria Kamalam, Former Secretary, Sr. Christina Bridget, Head of the Department of Commerce, Holy Cross College, Tiruchirappalli for their kind support and facilities extended to complete my research work.

I would like to gratefully acknowledge the Doctoral Committee member Dr. N. Mathiyazhagan, Associate Professor, St. Joseph’s College, for his helpful suggestions and constant encouragement during the course of this work.

I extend my sincere thanks to Dr. S. Raja, Head, Mr. A. Rose Venis, Assistant Professor, Other Faculty Members and Non-teaching Staff of the Department of Chemistry, St. Joseph’s College, Tiruchirappalli for their kind help, support and providing the necessary facilities to complete my research work.
My special thanks are due to Ms. Beatrice Cherian, Head of the Department of Chemistry and Former HODS of Chemistry Department, Holy Cross College, Tiruchirappalli for their support and encouragement.

In a very special way I thank my Staff, Friends and Colleagues in the Department of Chemistry and in the other Departments, Holy Cross College, Tiruchirappalli, for their love and affection enabled me to complete this work.

Special Gratitude goes to Dr. Felicia Rajammal, Ms. A. Leema Rose, Associate Professors, Department of Chemistry and Ms. G. Bharathi, Associate Professor, Department of Physics, Holy Cross College, Tiruchirappalli for their kind help and support.

I wish to acknowledge the Non-Teaching Staff of chemistry department, Holy Cross College, Tiruchirappalli for their timely help and support. Special thanks to Golden Net Computers, Tiruchirappalli for neat typing and binding my thesis.

Special thanks are due to Dr. G. Sridharan and Dr. N. Agnel Arul John, Assistant Professors in the Department of Bio Chemistry, Srimad Andavan Arts and Science College, Tiruchirappalli for providing ideas and useful discussion on the effects of added electrolytes in the biological systems.

My special appreciation goes to my loving Parents, Relatives, Friends and Neighbour for their wishes and constant encouragement. Finally I would like to express special thanks to my beloved Husband and Children who helped me to concentrate on completing this thesis and supported mentally during the course of this work.

(P. Sahaya Amutha)
