ACKNOWLEDGEMENTS

It is no exaggeration veracity if I unlock my heart in the miracle of ink that it was indeed a matter of pride, privilege and immense pleasure for me that I could get an opportunity to work under the joint supervision of Dr. R. K. Singh, Ph.D., F.Inst.P (London). Distinguished Professor and Hon’ble Vice Chancellor, Guru Ghasidas University, Bilaspur and of Dr. Dinesh Varshney, Senior lecturer, School of Physics, Devi Ahilya University, Indore for their deep insight meticulous understanding and encyclopaedic range of knowledge that constantly guided me throughout my research work. Their scholarly advice will remain indelibly blended on the surface of my heart. In fact, my obligation to both of them goes much further than I am capable of expressing it in words.

I am indebted to Prof. Ajay Gupta, Centre Director, IUC Indore, Prof. K. P. Joshi and to Dr. V. Ganeshan, IUC Indore, for their informative discussions that enabled me to clarify, and sometimes revise the ideas.

I am extremely thankful to Prof. K. P. Maheshwari and to Dr. A. Mishra, for their time to time assistance in this work.

It is a matter of pleasure to acknowledge the cooperation extended to me by the members of teaching and non-teaching staff of the School of Physics, Devi Ahilya University, Indore and P. M. B. Gujarati Science College, Indore. especially to Prof. O. P. Joshi, Prof. P. K. Dubey and Dr. P. Kekre.

I owe my deep sense of gratitude to Dr. Vimla Singh for her suggestive directions that give me lively spirit to think and do well to humanity and society.

I am immensely grateful to Dr. Meenu Varshney for her continuous encouragement and guidance, which made me optimistic about my research carrier.

My sincere thanks are due to high-T group members especially to Dr. Amit Khaskalam, K. M. Sivkumar, P. Vyas, G. Patel, R. Mishra and A. Goswami for their valuable discussions at various stages.

Finally, with zeal of appreciation. I dedicate this work to my esteemed parents and to my wife Mrs. Neelima Shah, my brothers and sister for the constant encouragement during the course of this work and their advice for efficient completion of this work.
I acknowledge my sincere thanks to many of my friends especially to Uttam Sharma and Sanjeev Chaurasia.

Above all, I must, in all humanity, thank God for His providence which enabled me to achieve my goal in the determined fashion.

I am thankful to University Grants Commission for financial support. I am also thankful to the authorities of Centre for Advance Technology, Indore and of the Inter University Consortium, Indore for providing me library facilities.
