ACKNOWLEDGEMENT

As I begin onto the magnitude of this project, I am reminded of the constant support, inspiration and encouragement offered to me by selfless people to whom I am overwhelmed, I take this opportunity to thank them for making me achieve the desired goal.

I thankful to god almighty for blessing me to achieve my dreams and blessing to make my career without which I would not have reached here.

Words are not enough to thank my esteemed research guide Dr. Jagruti A Patel for her incredible guidance, intellectual supervision, professional expertise, patience and functional freedom given to me throughout my project.

It is my privilege to thank Dr. Shital Panchal, without her guidance and encouragement this would have not been a reality. I must take a special mention of my co-guide for her immense contribution towards my work, the timely suggestions, keen interest and kind co-operation from her made it possible for me to submit it in a presentable form.

I would like to express my deep sense of gratitude to Dr. Shivaprakash Rathnam, MD, CEO, Synchron Research Services, Pvt. Ltd, Ahmedabad for his constant support and encouragement during my Ph.D work as well as Dr. Bhavesh Dasandi, Director, Bioanalytical department, Synchron Research Services, Pvt. Ltd, Ahmedabad, and last but not the least Ms. Devina Bharadwaj, MD, Intervein Labs Pvt. Ltd, Ahmedabad for providing the constant support and freedom to work in her lab. My heartfelt thanks to them once again.

My sincere regards to Dr. Jignesh Patel, MD, DGO, Poojan Maternity hospital, Ahmedabad, who introduced his expert colleagues and different clinics in Ahmedabad for collection of data and reviewing the data collected during his busy schedule.

My sincere regards to Mr. Hitesh Chauhan, Associate Director, Biometrics, Cliantha Research Limited, Ahmedabad for helping me in understanding all the statistical calculation and designing the sample collection timing during the study. I am thankful to him.

My heartfelt thanks to all the staff of clinical department, Bioanalytical department, and Intervene labs who helped in completing the lab related work.

Special thanks to Dr. Chandramohan Reddy, Dr.Krishna who are co-students of Ph.D. at Nirma university.
My family members are the motive force behind me to complete Ph.D. work. Especially my mother Smt. Lalitha, father Sri. Krishnamurthy and my brother Mr. Shivashankar, Ms. Sheela, little once Shreya and Gagan it is because of their love and blessings, that I could face and overcome challenges.
