In this highly complex society, no work can be accomplished by a single individual but it needs inspiration and sincere gratitude of intellectuals as well as the grace of that Almighty. With limitless humility, I would like to praise and thank ‘GOD’, the merciful, the compassionate, who bestowed me with health, tenacity and courage enough to go through this crucial juncture. I am grateful to “God”, for bestowing me with affectionate parents, whose love, dedication of inspiration encouraged me to undergo higher studies.

With the overwhelming sense of legitimate pride and genuine obligation which gives me exuberant pleasure and privilege to express my eternal gratitude to my learned and revered advisor Dr. S. K. Subehia, Scientist (Soils), CSK Himachal Pradesh Krishi Vishvavidyalaya, Palampur and Chair Person of my Advisory Committee for his excellent and praiseworthy guidance, keen interest, adroit admonition, juvenile encouragement and parental affection during whole course of my study and particularly at times of research and preparation of this manuscript. With a conscientious supervision, he has saved me from the taste of several errors by his frank and unsparing criticism. I shall always remain indebted to him.

I express my sincere gratitude to the worthy members of my advisory committee, Dr. S.K Sandal, Scientist, Department of Soil Science, Dr. S.S Rana, Scientist, Department of Agronomy, Dr. M.K Gupta, Associate Professor, Department of Microbiology and Dr. D.R Thakur, Senior Scientist and Head, Department of Agricultural economics for their inspiring guidance and critical assessment of the manuscript.

I sincerely thank Dr. R.K Sharma, Dean, Postgraduate Studies, CSK HPKV, Palampur and university authorities for providing necessary facilities and help during the course of investigation.

I emphatically express my venerable thanks to Dr. K.K Katoch Head of the Department of Soil Science for extending necessary facilities as and when required. Financial assistance in the form of stipend provided by the university is fully acknowledged.

I also thanks to Dr. R.P. Sharma and Dr V.K Suri, Scientist, Department of Soil Science for their advice during course of study. Thanks are due to all the teachers of the Department of Soil Science for providing help in one or the other way. My special thanks to Mr. Vipin Mishra, Ravi, Daler, Harwans, Shakti Chand, Trilok Chand, Jagdish Kumar, Balak Ram, Bihari Lal, Paras Ram, Baljeet, Ajay, Sudesh and Pradeep Kumar, Department of Soil Science for their helping hand in the Laboratory as well as in Field.
I can hardly overlook the co-operation, timely help, moral support extended by the galaxy of my friends Sushil, Shweta, Gautam, Shilpa, Deanpal and Anil sir juniors especially Anil, Upinder, Babita, Dhanika, Kuldeep Arti, Vishal who boosted me up in periods of mental stress & strain.

All the words in the lexicon will be futile and meaningless, if I fail to divulge my extreme sense of regards to adorable parents (Smt. Kamla Devi and Late Sh. Janak Singh) for their sacrifice, prayers and blessings without which this work would have been a sweet dream.

I take this precious moment to express my deep sentiments and indebtedness to my brother Subeer and sister Monika whose affection, moral support and help led me to achieve my destination successfully. I shall remain lifelong indebted and can never forget the constant inspiration and affection of my Mother in law and Father in law, who always inspired me to excel in my field.

The beauty of life is found in people, who love and care, I can never forget the care of my love Dineshwar Singh for his constant inspiration and encouragement for studies and inspired me to achieve the goal.

Finally thanks are due to Mr. Ajay Walia for timely help for the preparation of the manuscript.

Acknowledgements are inherently endless & incomplete, and I request indulgence from many friendly & helpful people whom I could not name here, due to paucity of space.

Needless to say, all omissions and errors are mine.

Place: Palampur
