ACKNOWLEDGEMENTS

First and foremost I am deeply indebted to my Guide Dr. Birendra Kumar Bindhani, School of Biotechnology, KIIT University, Odisha, India for considering my application and allow me to carry out research under his esteemed guidance. He understands the individual needs of his students and generates thoughtful insight about every aspect of science. His expert advice and wisdom helped me finish this work and made my study under his supervision enjoyable.

Then I would like to thank my Co-Guide Dr. Susanta Kumar Biswal, CUTM, Paralakhemundi, Odisha, India for his constant guidance and help throughout my research work.

The financial support from the Council of Scientific and Industrial Research (CSIR), Govt. of India, New Delhi and provision of Senior Research Fellowship (SRF) through the research project (Scheme No.- 02(0058)/12/EMR – II, Dated: 16.05.2012) is gratefully acknowledged.

Then I would like to thank Director of School of Biotechnology, KIIT University, and Odisha, India for allowing me to carry out research work in KIIT University.

I would like to thank Prof. (Dr.) Padmolochan Nayak, R&D director of Synergy Institute of Technology, Bhubaneswar for their most valuable suggestions and help throughout my research work.

I express my thanks to Prof. (Dr.) Narasimham Mangalampalli, Dean Academics CUTM, Paralakhemundi, Odisha, India for their encouragement, full co-operation, guidance and help.

I would like to thank Prof. S. K. Nayak, DG, CIPET, Prof. (Dr.) N. Rout, AHRCC, Cuttack, Odisha and Mr. Subash Das, Department of F&D Kemwell Biopharma Pvt Ltd, Bangalore for helping me in characterizing the samples.

Then I would like to thank my friends Dr. Debasish Sahoo, Rahul Kumar, Pravin Tripathi, Kumkum Kumari and Laxman Kandha for their needed help, support and encouragement.

I would like to thank My Parents and all other Family Members and Relatives for their incomparable Love, affection and Support.

Umesh Kumar Parida
