ACKNOWLEDGEMENT

It gives me immense pleasure to have the privilege of offering my heartiest thanks and gratitude to my supervisor Dr. Binod Chandra Tripathy, Professor and Head, Mathematical Sciences Division, Institute of Advanced Study in Science and Technology, Paschim Boragaon, Garchuk, Guwahati-35 who provided me an excellent guidance for successful completion of the work embodied in the present thesis. His proper initiation, constant persuasion, lasting inspiration and willingness to discuss the topic at many odd hours inspite of his busy routine were infact, the main parameters that helped me in successful completion of this research work in time.

I would also like to consider this as an appropriate place to offer my thanks and gratitude to all the faculty members, Research Scholars of the Department of Mathematics, Gauhati University and successive Directors, Registrar of IASST. I thank the faculty members of Mathematical Sciences Division, IASST for their cooperation and moral support I enjoyed throughout the whole period of association with them.

I also take an opportunity to express my heartiest thanks to successive Directors, Registrar and all the faculty members of Central Institute of Technology, Kokrajhar, BTAD, Assam for their moral support and encouragement.

Finally, I would like to extend my heartfelt thanks to my mother Smti. Dipti Sarma, who shared every moment of joy and sorrow, hope and despair equally with me during this period of endeavour as if it was a matter of concern, by no means less to her to me and my sisters, brother in laws for their constant co-operation in every step of my progress.
