### CHAPTER 3 RESEARCH METHODOLOGY

3.1 INTRODUCTION ................................................................. 54

3.2 METHODOLOGY ................................................................. 54

3.2.1 Quantitative Method ...................................................... 55

3.2.2 Qualitative Method ....................................................... 55

3.2.3 Laboratory Experiments ............................................... 56

3.2.4 Survey Questionnaires ................................................. 56

3.2.5 Interviews ................................................................. 57

3.2.6 Case Study ............................................................... 58

3.3 QUESTIONNAIRE DESIGN ................................................ 59

3.4 SELECTED METHODOLOGY ............................................ 60

3.5 REASON FOR CHOOSING CASE STUDY METHOD ............... 61

3.6 REASONS FOR IN DEPTH INTERVIEWS ............................ 61

3.7 CRITICISMS OF QUALITATIVE RESEARCH ....................... 62

3.8 MANUFACTURING STRATEGY ......................................... 62

3.9 ADVANCED MANUFACTURING TECHNOLOGIES ............... 63

3.9.1 Advanced Design and Engineering Technologies (ADET) .... 64

3.9.2 Advanced Planning Technologies (APT) .......................... 64

3.9.3 Advanced Material Handling Technologies (AMHT) .......... 65

3.9.4 Advanced Machining Technologies (AMcT) ................. 65

3.9.5 Advanced Management Systems (AMS) ......................... 65

3.9.6 Advanced Process Improvement Systems (APIS) ............ 66
3.10 OVERALL RESEARCH DESIGN AND METHODOLOGY ------- 66

3.10.1 Statistical Analyses ................................................................. 69

3.10.2 Hypotheses Testing ................................................................. 69

3.11 CONCLUSION ............................................................................. 71

CHAPTER 4 DESCRIPTIVE ANALYSIS

4.1 INTRODUCTION ........................................................................... 72

4.2 RESPONDENT’S PROFILE ............................................................. 72

4.2.1 Manufacturing Sector Distribution ............................................. 73

4.2.2 Summary of respondent profile ................................................ 74

4.3 COMPETITIVE PRIORITY ............................................................. 75

4.4 COMPETITIVE STRENGTH ........................................................... 79

4.5 AUTOMATION IMPLEMENTATION STEPS ..................................... 82

4.6 ADVANCED MANUFACTURING TECHNOLOGIES ...................... 86

4.7 ADVANCED DESIGN AND ENGINEERING TECHNOLOGIES ...... 86

4.8 ADVANCED MACHINING TECHNOLOGIES .................................... 90

4.9 ADVANCED PLANNING TECHNOLOGIES .................................... 93

4.10 ADVANCED MATERIAL HANDLING TECHNOLOGIES .............. 96

4.11 ADVANCED MANAGEMENT SYSTEMS ........................................ 99

4.12 ADVANCED PROCESS IMPROVEMENT SYSTEMS .................... 102

4.13 ADOPTION OF ADVANCED MANAGEMENT SYSTEMS ............ 104

4.14 ADOPTION OF ADVANCED MANUFACTURING TECHNOLOGIES ................................................................. 107
4.15. ADVANCED MANUFACTURING TECHNOLOGIES NOT IMPLEMENTED

4.16 CONCLUSION

CHAPTER 5    HYPOTHESES TESTING

5.1 INTRODUCTION

5.2 COMPETITIVE PRIORITY

5.3 COMPETITIVE STRENGTH

5.4 AUTOMATION STEPS

5.5 ADVANCED DESIGN AND ENGINEERING TECHNOLOGIES

5.6 ADVANCED MACHINING TECHNOLOGIES

5.7 ADVANCED PLANNING TECHNOLOGIES

5.8 ADVANCED MATERIAL HANDLING TECHNOLOGIES

5.9 ADVANCED MANAGEMENT SYSTEMS

5.10 ADVANCED PROCESS IMPROVEMENT SYSTEMS

5.11 ADOPTION OF AMS

5.12 ADOPTION OF AMTs

5.13 AMT NOT IMPLEMENTED

5.14 CONCLUSION

CHAPTER 6    CASE STUDIES

6.1 INTRODUCTION

6.2 CASE STUDY- A : (IMPROVEMENTS IN CEMENT MANUFACTURING PLANT)

6.2.1 Introduction

xi
6.2.2 Problems with the crushing section ................................. 163
6.2.3 Problems with the packing section ................................. 165
6.2.4 Crushing Section .................................................. 173
6.2.5 Packing Section ................................................... 175
6.2.6 Conclusion ......................................................... 182

6.3 CASE STUDY – B: (TWIN CYLINDER OPTIONAL ENGINE MECHANISM (ADVANCED TECHNOLOGY)) ........................................ 184
   6.3.1 Introduction .................................................... 184
   6.3.2 Procedure ...................................................... 184
   6.3.3 Design Procedure ............................................. 187

6.4 CASE STUDY – C: (ADVANCED TOOL IN MACHINE SHOP) ........ 188
6.5 CASE STUDY - D: (KAIZEN USED IN WIRE HARNESS) ............. 195
   6.5.1 Introduction .................................................... 195
   6.5.2 Procedure applied for Cost reduction .......................... 196
   6.5.3 Tangible benefits ............................................. 199

6.6 CASE STUDY – E: (EXPERIMENTAL STUDY OF HEAT TRANSFER ENHANCEMENT DUE TO ARTIFICIAL ROUGHNESS IN ANNULAR FLOW)
   6.6.1 Introduction .................................................... 200
   6.6.2 Experimental setup and procedure ............................. 202
   6.6.3 Experimental Procedure ...................................... 205
   6.6.4 Data Reduction and Observation ................................ 205
   6.6.5 Result and Discussion ........................................ 210
   6.6.6 Experimental Analysis ........................................ 211
CHAPTER 7  RESULTS AND DISCUSSION  

7.1 INTRODUCTION  

7.2 SURVEYED INDUSTRIES PROFILES  

7.3 FACTS OF MANUFACTURING STRATEGIES  

7.4 FACTS OF ADVANCED MANUFACTURING TECHNOLOGIES  

7.4.1 Advanced design and engineering technologies  

7.4.2 Advanced machining technologies  

7.4.3 Advanced planning technologies  

7.4.4 Advanced material handling technologies  

7.4.5 Advanced management systems  

7.4.6 Advanced process improvement systems  

7.5 MANUFACTURING PERFORMANCES  

7.6 CASE STUDIES  

7.7 CONCLUSION  

CHAPTER 8 CONCLUSIONS AND SUGGESTIONS FOR FUTURE WORK  

8.1 INTRODUCTION  

8.2 SUMMARY OF THE WORK DONE  

8.3 CONTRIBUTION OF THE RESEARCH  

8.4 IMPLICATION OF THE STUDY  

8.5 SUGGESTIONS FOR FUTURE WORK  

8.6 CONCLUSION
