ACKNOWLEDGEMENTS

It gives me immense pleasure, as I take this unique opportunity to express my gratitude and respect for my guide and ideal, Dr. K. R. Sahu, Assistant Professor, Department of Zoology, Govt. E. Raghwendra Rao P.G. Science College, Bilaspur, (C.G.) India. I am profoundly grateful to him for his valuable guidance and handling of the reins of my work so efficiently. I owe him my heartfelt and sincere thanks for introducing and guiding me through the wonderful world of microorganisms.

I tender my most cordial and appreciative thanks to Dr. (Smt) Asha Kaushik, Principal, Govt. E. Raghwendra Rao (P.G.) Science College, Bilaspur, (C.G.) India, not only for his constant encouragement but also permitting me to use the departmental facilities.

I also offer my heartfelt thanks to Dr. Rashmi Sao, Professor & Head, Department of Zoology, Govt. E. Raghwendra Rao (P.G.) Science College, Bilaspur, (C.G.) India for his advice in shaping my work and providing laboratory facilities. Without his help, this thesis would not have seen this daylight of completion.

I also acknowledge with heartfelt appreciation and thanks, the undaunted help and reassuring motivation to Dr. M. L. Naik, Ex. Professor & Head, School of Life Sciences, Pt. Ravishankar Shukla University, Raipur. I am profoundly grateful to him for his valuable guidance and handling of the reins of my work so efficiently.

I record my gratitude to all the faculty members Prof. Alok Dixit, Dr. D. Mishra for their encouragement and moral support during the tenure of my work.

This work must not have been possible without the impetus, unhesitating help, encouragement, concern and active involvement at every stage of my work and whole hearted suggestions rendered by my teacher Dr. Krishna K. Patel,
Assistant Professor, Department of Clinical Microbiology, Chhattisgarh Institute of Medical Sciences, Bilaspur (C.G.).

I have my highest regards to Dr S. K. Niyogi, Dy. Director, Division of Microbiology National Institute of Cholera & Enteric Diseases (NICED) Kolkata, for their noteworthy contribution, in typing of strains.

I also acknowledge with heartfelt appreciation and thanks, the undaunted help and reassuring motivation to Dr. Ramanesh Murthy, Associate Professor, Department of Clinical Microbiology, Chhattisgarh Institute of Medical Sciences, Bilaspur (C.G.).

I feel highly obliged to Dr. Madhumita Murthy for her affection, care and good wishes throughout my research tenure.

I am also thankful to all my seniors Dr. Sanju Sinha, Dr. Boby Varghese, and Dr. Afaque Quaraishi, for their uninhibited help and support all through the period of my work. Heartfelt thanks are also due to my lab-mates.

I acknowledge gratefully the facilities and helps rendered by all technical and supporting staff of the Department of Zoology, Govt. E. Raghwendra Rao (P.G.) Science College, Bilaspur, and Department of Clinical Microbiology, Chhattisgarh Institute of Medical Sciences, Bilaspur (C.G.) India.

I am highly indebted to all my past and present research colleagues among which a few I name are Dr. Nishant Kaushik, Dr. Pragati Kaushik, Mrs. Abhilasha

I express my affection to my son, Arish, whose innocent smile and sparkling eyes were always a source of encouragement to me.
I am at a loss of words when it comes to express my thanks and gratitude to my parents Mrs. & Mr. B.R. Patel, Smt. Jaishree Patel brother Mr. Vijay Patel, Mr. Jitendra Patel, sister-in-law Mrs. Rashmi Patel, Mrs. Parvati Patel, and the bubbly & childish activities of my little niece Gargi, Sanvi and nephew Gavra which kept me energetic and motivated throughout the work. Above all, I would like to express my gratitude to Almighty God for making me able to complete this work.

(SARITA PATEL)
