## CHAPTER - I

### BACKGROUND

1.1 **Energy and Its Importance**

1.1.1 Background ................................................................. 1

1.1.2 Energy and Its Importance ................................................................. 3

1.1.3 Role of Energy in Economic Development ................................................................. 4

1.1.4 World's Energy Scenario ................................................................. 6

1.1.5 India's Energy Scenario and Its Background ................................................................. 7

1.1.6 Energy Scenario of North Eastern Region ................................................................. 14

1.1.7 Energy Conservation ................................................................. 17

1.1.8 Conclusion ................................................................. 24

1.2 **Overview of Coal and Its Development**

1.2.1 Importance of Coal. ................................................................. 25

1.2.2 World Coal Scenario ................................................................. 26
13  Coal Industry: A Historical Perspective

1.3.1 Coal and Human Civilisation ........................................62
1.3.2 Evolution of Coal Mining Industry in India .........................63
1.3.3 Establishment of AR & TC, Development of Coal and Allied Industries of North Eastern Region ........................................... 79
1.3.4 Independence, Nationalisation of Coal and End of Golden Era of AR & TC..............................................................100
1.3.5 Conclusion ..........................................................................103

14  Profile and Performance of North Eastern Coalfields
    Vis-a-Vis Coal India Limited

1.4.1 Introduction .........................................................................104
1.4.2 Organisation of Indian Coal Industry..................................105
1.4.3 Functions of Ministry of Coal ..............................................
1.4.4 Role, Mission, Objective and Functions of CIL ...................108
1.4.5 Organisation Structure of CIL and Subsidiaries ..................110
1.4.6 Organisational Set Up of CIL and its Subsidiaries ................111
CHAPTER - II

DESIGN AND METHODOLOGY OF STUDY

2.1.1 Research Problem and Need for Study .............................................. 146
2.1.2 Objectives of the Study ................................................................. 149
2.1.3 Scope of the Study ........................................................................ 150
2.1.4 The Hypothesis ........................................................................... 151
2.1.5 Methodology .............................................................................. 153

CHAPTER - III

REVIEW OF LITERATURE, CONCEPT AND DEVELOPMENT OF HUMAN RESOURCE MANAGEMENT

3.1.1 Introduction ................................................................................ 161
3.1.2 Importance of Human Resources ................................................ 163
3.1.3 Human Being a complex creature ............................................. 167
3.1.4 Background of the Evolution of HR ...........................................
3.1.5 Origin of Human Resource Management ........................................... 180

3.1.6 Growth of Human Resource Management........................................ 189

3.1.7 Factors for the Growth of HRM in India............................................. 191

3.1.8 Meaning and Definition of Human Resource Management .................. 199

3.1.9 HRM Concept Development Model.................................................. 203

3.1.10 Observation of Indian Writers, Experts, Executives and Institutions on HRM .................................................................................. 207

3.1.11 Reservations of HRM........................................................................... 208

3.1.12 Analysis of HRM................................................................................. 209

3.1.13 Similarities between HRM and Personnel Management ...................... 210

3.1.14 Difference between HRM and Personal Management ....................... 211

3.1.15 Changes from Personal Management................................................. 224

3.1.16 Whether HRM is a Model or a Theory or Philosophy ......................... 226

CHAPTER - IV

HUMAN RESOURCE POLICY AND PRACTICES

4.1.1 Introduction........................................................................................... 226

4.1.2 Meaning and Definition....................................................................... 227

4.1.3 Agents of Human Resource Policy..................................................... 228

4.1.4 Purpose of Effective of Human Resource Policy.................................. 229

4.1.5 Aims and Objectives for Human Resource Policies.............................. 230
