Acknowledgement

Accomplishment of any task, like this necessarily depends upon the willing and enthusiastic contribution of time and energy by many personalities.

I acknowledge my thanks to all those who directly or indirectly co-operated and inspired me for conduction this studies.

A formal statement of appreciation will hardly meet the ends in the matter of expression of the writer's welcome this opportunity to express deepest sense of gratitude and indebtedness toward my Guide Dr. Dilip H. Tambekar, M.Sc. (Microbiology); Ph.D., Head, P. G. Department of Microbiology, Amravati University, Amravati for suggesting the problem and for this kind inspiration, valuable guidance and constant encouragement during the course of investigation and finally the completion of this thesis in the present form.

It is because of him that this research has been light of the day. I also acknowledge my overwhelming gratitude and sincere thank to Mr. S.R. Guhane and Dr. (Miss) V. M. Pathak, P.G. Department of Microbiology, Amravati University, Amravati who encouraged me in all my endeavors.

I would like to express my deepest indebtedness to Mr. Nitin S. Bhejiyale, Principal, GSPS, Institute of Pharmacy, Akola for his valuable co-operation, interest and guidance and the sparing valuable time in discussing the topic.

I also expresses his greatful thank to Dr. D.D. Bhokare, Shri, B.W. Tekade, Shri N.M. Mahajan lecturer, Institute of Pharmacy, Akola for their valuable suggestion and unfailing interest during study.
My thanks expressed to Shri. Mohod, Shri. Deshmukh and Miss. Halde non-teaching staff of the department for the co-operation.

Sincere thank are due to Shri Virendra Shing Chaudhari, Akola Municipal Corporation, Akola, for his kind help in tracing and collecting the data.

The author also thanks Shri. V. M. Kale, Shri. P. N. Kale, Shri. Anil Keskar, Shri Sharad Bhatkar, GSPS, Institute of Pharmacy, Akola for providing necessary facilities during the course of this study.

I must extend my deep sense of gratitude and heart full thanks to my parents, sister and wife for their moral support, suggestion, co-ordination and time to time discussing the topic.

My special thanks to Gajanan Deshmukh, Kishor Deshmukh, Mr. Manish K. Unde (Supreme Computer) and Dhananjay Dikkar for timely and neatly printing this thesis with patience.

Last but not the least, I am also thankful to all other staff member from Institute of Pharmacy, Akola for their kind co-operation and timely help during the period of investigation.

Yogesh S. Banginwar
