Declaration by the Candidate

The PhD thesis entitled ‘Mechanistic Understanding of Redox Induced ER and Mitochondrial Stress in Correlation with Aging’ is the record of work carried out in Genomics and Molecular Medicine Unit, CSIR- Institute of Genomics and Integrative Biology under the joint supervision of Dr Shantanu Sengupta and Dr Kausik Chakraborty. The work, being submitted to the University of Pune for the award of the Degree of Doctor of Philosophy in Biotechnology, is an original work done by me and has not been submitted for the award of any other degree or diploma, associateship, fellowship other than one for which it is presently submitted.

I further declare that the material obtained from other sources has been duly acknowledged in the thesis.
