Acknowledgment

One has to go through lot of academic challenges, right from defining the problem to put it in the thesis form. This cannot be done without the support, patience and guidance of various people.

My deepest gratitude is to my advisor, Prof. (Ms.) S. A. Gangal. I have been amazingly fortunate to have an advisor who gave me the freedom to explore on my own and at the same time the guidance to recover when my steps faltered. Her words of encouragements and her lively nature always boosted my confidence. She has always given me ample amount of opportunities and continuous encouragement to create intuitive mind to see the truth of physical world and reinforced me to work at cutting edge knowledge of the field.

I would like to express my indebtedness to Dr. D. S. Bodas, who had been my source of inspiration and for guiding me through appropriate research techniques and precise scientific analysis.

I am deeply grateful to late Prof. R. N. Karekar for his valuable suggestions at every time of discussion. His humor to encourage during the challenging time boosted my confidence. He has inculcated the art of logical thinking and scientific writing in me.

I would like to thank Prof. A. D. Shaligram, Head, Department of Electronic Science, for providing me the facility to conduct my research work and his inspiration and profound support during my research.

I would like to express my gratitude to Prof. S. V. Ghaisas, Prof. (Mrs.) D. C. Gharpure, Dr. S. Ananthakrishnan from Department of Electronic Science, Prof. (Smt.) R. C. Aiyer and Dr. S. W. Gosavi from Department of Physics, Dr. G. J. Phatak from C-MET, Pune, for their timely help and support.

I acknowledge with love the help and support by my dear friends and labmates, Dr. Aditee, Dr. Abhijeet, Dr. Abhaykumar, Dr. Sandip, Dr. Jagdish Deshpande, Dr. Ashok Kalange, Dr. Bharatbhushan Joshi, Bhagyashree, Atul, Prabhakar Varade, Narendra Pawar, Umesh, Pranoti, Ravindra, Shubhangi, Ashish, Amit, Amod, Ghanshyam, Sudip, Monika, and other research students and M.Sc. students in Electronic Science Department for their contribution throughout the duration of my
work. It helped maintaining good spirit of research. We have really shared the best moments of our life in the friendly environment.

I would like to thank administrative, technical and non-teaching staff members of the Department of Electronic Science for the smooth functioning of day to day activities.

I owe a lot to my mother Mrs. Pushpa Mahale, father Mr. Pandit Mahale, sister Pradnya and other relatives for their endless support, love and belief over me in all aspects. I love them.

At last I would like to thank everybody who was important to the successful realization of this thesis as well as express my apology that I could not mention everyone personally.

Bhoopesh P. Mahale
