ACKNOWLEDGEMENT

My most beloved Professor, Dr. G. Aruldhas, Dean, Faculty of Science, University of Kerala who is the Kindly Light that leads me in my investigations. My gratitude towards him is unfathomable and is more than words can express. I am deeply indebted to him for his profound knowledge, sincerity, persistence, and valuable suggestions. That affection I always feel and that confidence and relaxation I regain in his presence kindles in me the paternal care which I am bereft of.

I would like to express my overwhelming gratitude towards Dr. S. Devanarayanan (Professor & Head) Dr. V. Unnikrishnan Nayar and other teachers of the Department for their creative suggestions and constant encouragements.

I have great pleasure to express my sincere thanks to Dr. P. Rajagopal, Dr. Bini Lizbeth George, Dr. N. Santha, Dr. Mary Isaac, Prof. V.S. Jayakumar, Mr. T. Pradeep and Mr. G. Suresh for providing me congenial atmosphere in the department. The timely help received from Messrs. R. Ratheesh, I. Hubert Joe, M. Junaid Bushiri and Johnny T. Abraham is thankfully acknowledged.

The valuable help of Dr. Daizy Philip and Dr. Sunila Abraham without the slightest of hesitation throughout my research studies is unforgettable and I am very much indebted to them for their lively discussions and constructive suggestions. The constant encouragement I received from very Rev. Fr. E.T. Kuriakose, Cor. episcopa (Manager), Mr. K.M. Varghese (Principal) and my colleagues, St. Mary's College, Manarcaud, Kottayam, is gratefully acknowledged.

I take this opportunity to express my heartfelt thanks to Mr. James Raju, Research Scholar, IIT, Madras, and my cousins Anil D. Kartha, Pradeep, Reji and Harikrishnan for their timely help.

Some of the samples used in this investigation have been provided by Prof. S. Hausuhl, Institute of Crystallography, University of Koln, Germany and Dr. J.V. Smith, Department of Geophysical Sciences, University of Chicago, U.S.A. Their help is thankfully acknowledged.

My sincere thanks are also due to Dr. R. Kaleysa Raj, Department of Biochemistry, University of Kerala, Dr. T.K.K. Srinivasan, RSIC, Madras and Dr. G. Keresztury, Central Institute for Chemistry, Hungarian Academy of Sciences, Hungary for their help in recording some of the spectra.

Thanks are also due to Mr. K.L. Ramanadhan Nair for the neat typing of the manuscript.

I should spare no word to express my sincere thanks to Mrs. Grace Aruldhas for her kindness and hospitality.

This humble work is dedicated to my beloved mother but for whose love and affection, silent prayers and invigourating encouragements this would have remained an unfulfilled dream. I remember with utmost respect my father, whose unseen presence and blessings guides me all through my life.

HARESH, R.
