Acknowledgments

It is a great pleasure to express my sincere and deepest gratitude to Dr. Manjusri Basu (Retd. Prof.), Department of Mathematics, University of Kalyani, under whose supervision the entire research work included in the thesis has been carried out. I am indebted to her for her valuable suggestions and constant help throughout the entire period of my research.

I am also giving thanks to the respected teachers of the Department of Mathematics, University of Kalyani.

I would like to thank all the authors of the books and research papers, which I have consulted during the research work.

I also take this opportunity to thank CSIR-UGC for awarding Junior Research fellowship during the tenure of which this research work has been done.

I will be thankful for ever to Dr. Satya Bagchi for giving endless encouragement and for introducing many unknown matters related to research during initial to final stage of my research. I wish to thank my seniors Dr. Debrabrata Kumar Ghosh, Nikunja Mohan Modak, Atanu Das, my friends Hiranmay Biswas, Sanjay Prasad De, Debarun Dutta, Tanmay Mondal, Amit Maity, Suryakanta Singh, Sougata Koley, Indranil Roy and my sister Saheli Bag for the co-operation at different stages during the work. I am beholden to Mr. Nirmal Kumar Das for being there when I needed him. I am also grateful to my teachers Dr. Hari Charan Paul, Mr. Gokul Chandra Kodali, Mr. Sudeb Das, Dr. Prasanta Sinha, Mr. Ranen Bhattacharya who built up me.

It would be wrong on my part if I do not sincerely thank my relatives, especially my sister Mounita Dhali, my uncle Late Sudeb Chandra Das without whose support my endeavour would not have achieved success.
I will remain ever grateful to those who helped me in giving my research work a good finish.

Finally, I must thank my ‘better half’ Mrs. Koyel Bag Das for her mental support and unceasing encouragement at the time of preparing the dissertation.
