ACKNOWLEDGEMENTS

I am highly indebted to The Almighty who gave me strength to accomplish another chapter of my life.

It is with deep sense of gratitude that I wish to place on record my sincerest thanks to my revered supervisor Dr. Kamaljit Singh, Professor, Department of Chemistry, Guru Nanak Dev University, Amritsar for his keen interest, constant encouragement, expert guidance, motivation and untiring efforts throughout the research work. I shall always cherish the memories of my association with him.

I feel immense pleasure to express my sincere gratitude to Dr. Paramjit Kaur for providing invaluable support, moral courage and homely atmosphere throughout my research work.

I must acknowledge the Department of Chemistry, Guru Nanak Dev University and its faculty, which has been instrumental for my academic achievements. I am highly thankful to the present Head, Prof. Balwinder Singh Randhawa & the previous Heads, Department of Chemistry, Guru Nanak Dev University, Amritsar for providing necessary infrastructure for accomplishment of the research work.

I am also grateful to the librarians & other technical and non-teaching staff of Department of Chemistry for providing administrative and other assistance during this period.

Ph.D. is an endeavour completed in seclusion, but in practice it is not possible without the help and support from my seniors, lab-mates and friends. My sincere thanks go to all my lab-mates & friends for their generous support and co-operation.

Finally, I bow my head to my parents and thank my family for their generous support, positive attitude, invaluable blessings and selfless but untold sacrifices for my better and bright career. They were always there when I needed them and without their encouragement and understanding it would have been impossible for me to finish this work.

Shivali Sharma
