ACKNOWLEDGEMENT

I would like to express my gratitude and appreciation to Vice Chancellor Dr. G. James Pitchai, Registrar Dr. P.K. Manoharan, Director Dr. G. Ganesan and the associated staffs of Research Development Centre of Bharathiar University, Coimbatore for their constant support for completing this research work.

This thesis would not have been possible without the help and support of my guide Dr. M.M. Sudheer Mohammed, Associate Professor, Department of Botany, Government Arts College (Autonomous), Coimbatore, Tamil Nadu. I would like to thank him for his encouragement and valuable suggestions. I would also like to acknowledge with much appreciation the crucial role of Mr. Nikhil Gadewal, Scientific Officer, Advanced Centre for Treatment, Research and Education in Cancer (ACTREC) for helping me during my docking studies, simulation and lead generations. Special thanks go to Dr. Aparna Bagwe, ACTREC for critical editing the manuscript on lead identification.

I would like to acknowledge my sincere gratitude to Prof. Debjanidas Gupta, Professor and Head, Department of Biotechnology and Bioinformatics, Padmashree Dr. D.Y. Patil University, Navi Mumbai. I would also like to place my gratitude to the management of Padmashree Dr.D.Y.Patil University for allowing me to use the lab facilities for my research work.

I also place on record, my sincere gratitude to Dr. Vinoy Kumar, Research fellow for his valuable suggestions. I would like to express the deepest appreciation to Dr. Dhamayanthi Deevi (Bioinformatician), Dr. Vishnu Vardhan Deevi (Bioinformatician), Dr. Vijayendran Chandran (Assistant Researcher) for their constant support and encouragements. In addition, a thank you to Mrs. Bharathi Manikandan, Assistant Professor for her constant support during the course of my research work.

A special thanks to my wife Mrs. Thenmozhi for her unconditional support during the period of my research work. Above all, I would also like to thank my beloved mother C. Jeyalakshmi for her constant support and encouragement even in her absence. I take this opportunity to record my sincere thanks to all the faculty members of the department of Biotechnology and Bioinformatics for their help and encouragement.
