ACKNOWLEDGEMENT

This thesis is the end of my journey in obtaining my Ph.D. I have not traveled in a vacuum in this journey. This thesis has been kept on track and been seen through to completion with the support and encouragement of numerous people including my well wishers, my friends and family members. At the end of my thesis I would like to thank all those people who made this thesis possible and an unforgettable experience for me. At the end of my thesis, it is a pleasant task to express my thanks to all those who contributed in many ways to the success of this study and made it an unforgettable experience for me.

At this moment of accomplishment, first of all I pay homage to my guide, Dr. S.C. Davar, Department of commerce, Kurukshetra University, kurukshetra for finding an appropriate subject in the beginning to the process of writing thesis. He offers his unreserved help and guidance and lead me to finish my thesis step by step. Your words always inspire me and bring me to a higher level of thinking. What I learn from you is not just how write a thesis, but how to view this world form a new perspective. Without your kind and valuable instructions, it is impossible for me to finish this thesis.

I am also grateful to Dr. Dimple Khosla, Department of commerce, Dyal Singh College, Karnal, for her helpful suggestions and comments.

I am greatly indebted to my dear husband, Surender Kumar for his support. A very special thank you for your practical and emotional support as I added the roles of wife and then mother, to the completing demands of work, study and personal development.

I would like to thank my father-in-law Sh. Dharam pal and my mother-in-law Smt. Bhateri Devi for giving me a supportive environment.
Finally, I am very grateful to my parents (Sh. Ram chander and Smt. Phoolwati), who provided a carefree environment for me, so that I could concentrate on my study. Although they hardly understand what writing thesis is and what I research on, my parents are willing to support any decision I make. Even though I could not make money at that time as other girls in my age, they never complained. They told me that all I need to do in focus on my study and leave other things to them. I am so lucky to have them be my parents.
