

Acknowledgement

I recognize with pleasure and respect that any scholastic and scientific advances that I may have made in the last few years are largely due to the intense and rigorous efforts of my guide **Dr. K. Srikumar**. Any progress towards my endeavor of becoming an independent, objective thinker would have been impossible without his infinite patience and support. I am very grateful for his time, his sincere critiques and appreciation when deserved. I owe much to his scholarship and thank him from the depth of my heart.

I owe a deep sense of gratitude to **Prof. K. Jeevaratnam**, Head, Department of Biochemistry and Molecular Biology and **Prof. S. Jayachandran**, Dean, School of Life Sciences, Pondicherry University, both of whom remained very understanding and had ensured the availability of facilities for me in this department.

I am extremely grateful to the Doctoral committee members, **Prof. E. Vijayan**, Retd. Professor and Dean, School of Life Sciences, **Prof. S. Jayachandran**, Professor and Dean, School of Life Sciences and **Prof. P. P. Mathur**, Department of Biochemistry and Molecular Biology, Puducherry.

I am extremely thankful to other faculty members of Department of Biochemistry and Molecular Biology, Pondicherry University, especially to **Dr. B. Kannabiran and Dr. Suresh Yenugu** for their support from time to time.

I express my humble gratitude to **Prof. P. Sambasiva Rao**, Head, Department of Chemistry, Pondicherry University for his kind permission and guidance in the use of EPR for studies carried out during this project.

I am highly indebted to **Dr. K. Srinivasa Manja**, Reader (retd.) and **Prof. T.K. Nambi Narayanan**, Department of Physics, Pondicherry University, for their help in carrying out the Differential Scanning Calorimetry technique.

I am extremely grateful to **Dr. N. Sakthivel**, Head, Department of Biotechnology, Pondicherry University, for his help in designing Oligonucleotide primers for xylose isomerase gene.

I profusely thank **Prof. S. Balakrishnan**, Dean, School of Physical, Chemical and Applied Sciences, and **Dr. Pramod Singh**, Lecturer, Department of Earth Sciences, for providing me necessary help with the ICP-AES technique. Thanks are due to my senior colleague **Nabi Babu** for his help with the ICP-AES analysis.

I wish to thank the **Department of Bioinformatics** for providing me the computer facility during the period of my research. I cannot discount the help I received from **Dr. Clement S. Lourdes**, Department of English, for his gracious assistance with the language.

I have great pleasure in expressing my hearty thanks to all my seniors, colleagues and junior Research scholars of Department of Biochemistry & Molecular Biology and Department of Biotechnology, Pondicherry University for their encouragement and help received from time to time.

Words are inadequate to express my gratitude to my friends **Mr. K. Sathishkumar**, **Mr. Dalton Carmel**, **Mr. Selvam**, **Mr. Rajasekaran**, **Mr. Prakash** and **Ms. R. Ezhilarasi** for their constant support and encouragement.

I have great pleasure to thank **Mr. K. Veeraragu**, Lab Assistant and Store incharge, for his kind help in fulfilling my lab needs and supplies from time to time. I thank **Office staff** of the Department of Biochemistry and Molecular Biology for their help with administrative matters.

I can never thank my **beloved Parents**, **Brother**, **Sister in law** and **Sister** enough for all their support and love. They were always with me during the difficult times and many things would have been left incomplete without their help.

So **many others** have contributed in making my dreams come true I take this opportunity to express my sincere thanks to all of them.

I gratefully acknowledge the financial support received as a project fellow from the UGC, New Delhi.

Above all I submit myself to the **almighty** that had been with me in this endeavor and showered me with his bountiful blessings.

S. Ravi kumar
