ACKNOWLEDGEMENT

I give all the glory and honor to our Lord, the Almighty for being with me and guiding me to complete my Ph.D work.

The author is very much indebted to his respected supervisor Dr. D.S. ROBINSON SMART, (Associate Professor and HOD, School of Mechanical Sciences, Karunya University, Coimbatore 641 114) for his constant support, timely guidance, continuous inspiration, encouragement and valuable suggestions to complete this work.

The author wishes to record his gratitude to Dr. Paul Dhinakaran, MBA., Ph.D., Chancellor, Karunya University, for his prayer and encouragement.

The author take this opportunity to express his thanks to Dr. Paul P Appasamy M.S, MBA, Ph.D., Vice chancellor and Dr. (Mrs.) Anne Mary Fernandez MA, M.Phil., Ph.D., Registrar for providing all facilities for carrying out this work.

The author is grateful to Dr. S.Darius Gnanaraj M.E., Ph.D., Director, School of Mechanical Sciences, for his timely suggestions and encouragement in every stage of this work.

The author is grateful to Dr. B.C. Pillai M.Tech., Ph.D., Dr. Z. Robert Kennedy M.E., Ph.D., and Mr. C.Lindon Robert Lee M.E., (Ph.D) for their assistance and help throughout this work.

The assistance and encouragement derived from the other members of the faculty and non teaching staff of Mechanical Engineering is also thankfully acknowledged.
