ACKNOWLEDGEMENTS

I am highly indebted to Dr R BALASUBRAMANIAN, Assistant Professor, Department of Mathematics and Computer Applications, PSG College of Technology, Coimbatore, for his continuous guidance, invaluable discussions, constant encouragement throughout the course of this research work. Without his thoughtful suggestions and painstaking reviews, this attempt would not have been a success.

I gratefully acknowledge the help and encouragement extended by Dr P RADHAKRISHNAN, Principal, PSG College of Technology, Coimbatore, Dr R NADARAJAN, Professor and Head, Department of Mathematics and Computer Applications, PSG College of Technology, and Dr G V KRISHNA REDDY, Dean of Non-Formal and Continuing Education, PSG College of Technology, Coimbatore.

I record my deep sense of gratitude to Prof. K ARUMUGAM, Correspondent, Kumaraguru College of Technology, Coimbatore, for the constant encouragement and continuous interest in my academic progress.

My thanks are due to Dr S SUBRAMANIAN, Principal, Kumaraguru College of Technology, Coimbatore, who has been continuously stimulating me in my endeavour apart from providing adequate facilities in the Department for carrying out this research work.

I record my sincere gratitude to Dr PRADEEP G SIDDHESHWAR, Reader, Bangalore University, Bangalore, without whose academic advice, I would not have carried out my investigation to completion as embodied in my thesis. Indeed, he was
a source of constant inspiration and it is with a sense of deep respect that I record my profound thanks to him.

My special thanks are due to Prof. P SHANMUGAM, Professor, Department of Computer Science and Engineering, Kumaraguru College of Technology, Coimbatore, who has provided the necessary softwares without which the thesis would not have shaped to this form.

I owe special thanks to Dr R SEKAR, Department of Mathematics, Pondicherry Engineering College, Pondicherry and Dr V SUNDARAM and Prof. K A LAKSHMINARAYAN, Department of Mathematics and Computer Applications for their fruitful academic discussions and suggestions.

I take pleasure to acknowledge gratefully all the faculty of the department of Science and Humanities and in particular Mr E VENKATRAGAVARAJ and Mr K KUMAR, for their help and co-operation in many ways in successful completion of my research work.

My thanks are also to my wife and our children, who have suffered through long hours of neglect.
