ACKNOWLEDGEMENT
ACKNOWLEDGEMENT

I am elated to place on record my profound sense of gratitude to my esteemed guide Prof. K. NATARAJAN, Head, Department of Chemistry, Bharathiar University, Coimbatore - 641 046, for introducing me to this exciting field of research, his stupendous persuasiveness and untiresome guidance. He is an excellent advisor, the value of his guidance is indescribable and unestimatable, without which the thesis would not have been in a form of what it is now.

I express my sincere thanks to Dr. K. J. RAJENDRA PRASAD, Dr. P. S. MOHAN, Dr. S. GOVINDARAJAN and Dr. S. P. RAJENDRAN, Faculty members, Department of Chemistry, Bharathiar University, Coimbatore - 46, for their valuable suggestions throughout the course of my research studies.

I take this opportunity to express my deep sense of gratitude to my seniors Dr. G. MUTHUSAMY, Dr. V. CHINNUSAMY and Dr. R. RAMESH for their encouragement in the early stages of laboratory work.

I wish to express a special note of thanks to Mr. P. VISWANATHAMURTHI and Mr. K. SHANMUGASUNDARAM, Research scholars in chemistry for their kind help whenever needed.

I do hereby acknowledge Dr. B. N. SIVASHANKAR, Mr. M. SEKAR, Miss. S. YASODHAI, Miss. S. TAMARAI SELVI, Mrs. M. V. KAVERI, Mr. T. DANIEL THANGADURAI, Mr. G. ARULPRAKASH and all other Research scholars, Department of Chemistry, Bharathiar University, who have helped me in several ways.
I am grateful to Dr. S. ANANDAPADMANABAN and Mr. V. SREENIVASAN, R & D Laboratory, Hindustan Photo Film Industry, Udhagamandalam, for providing microanalytical data for some samples.

I wish to thank Dr. P. NATARAJAN, Dr. V. RAMAMOORTHY, Dr. V. DURAI and Dr. T. DHANASEKARAN, Department of Inorganic Chemistry, University of Madras, Chennai, for providing EPR spectral studies. I also thank Central Drug Research Institute, Lucknow; Sophisticated Instrumentation Facility, Indian Institute of Science, Bangalore; Regional Sophisticated Instrumentation Centre, Indian Institute of Technology, Chennai, for their help in providing analytical, spectral and magnetic moment data.

I am grateful to Dr. PR. ATHAPPAN and Dr. G. RAJAGOPAL, Department of Inorganic Chemistry, Madurai Kamaraj University, Madurai, for their help in carrying out cyclic voltammetric studies.

I also acknowledge the help rendered by Prof. KUNIO SHIMIZU, Department of Chemistry, Sophia University, Tokyo, Japan, for providing microanalytical data for some of the new complexes.

I thank Dr. K. UDAIYAN, Professor and Head, Department of Botany and Dr. D. SRINIVASAN, Department of Environmental Sciences, Bharathiar University, Coimbatore, for their help in assessing the biocidal activities of the complexes.

I am thankful to the MANAGEMENT, SECRETARY and PRINCIPAL, Kongunadu Arts and Science College, Coimbatoe - 29, for permitting me to do this research work as a part-time scholar.
It is my pleasure to thank my friends and well wishers Dr. V. VEERAIYAN, Dr. T. S. MOHANASUNDARAM, Mr. M. SENGOTTAIYAN, Mr. T. PERIASAMY, Mr. M. SELVARAJ, Mr. R. SAKTHIVEL, Mr. S. MARSHAL ANTHONI, Dr. N. SARAVANAN (Hitachi Scientific Company, Singapore), Dr. K. SAKTHIVEL, (National Chemical Laboratory, Pune), Miss. V. SANGEETHA and Miss. P. KALPAGA SUGANTHY for their timely help in various stages of my research work.

I thank the Council of Scientific and Industrial Research, Ministry of Human Resource and Development, Government of India, New Delhi, for the award of Senior Research Fellowship to me.

I am duly bound to thank Mr. V. NAGARAJAN, Mr. AROKIARAJ and Mr. ANANDARAJ, non-teaching members of Chemistry Department, Bharathiar University, Coimbatore - 46.

I am thankful to Mr. P. ELANGO for his help in the preparation of this thesis.

Finally, as a mark of respect and gratefulness, I affectionately thank my parents, wife, brother and family members for their love, support and for having given me an opportunity to pursue higher studies.

N. DHARMARAJ
