ACKNOWLEDGEMENTS

A journey is always easier when we travel together, and interdependence is certainly more valuable than independence. My thesis is the result of a long journey, whereby, I have been accompanied and supported by many people. It is a pleasant aspect that I have the opportunity to express my gratitude for them.

I am grateful to my research guide Dr. R.Kumaresan, Reader in Physics, Government Arts College, Coimbatore, for his valuable guidance, and delighted to express my gratitude for his ever-ready helping attitude, which is a constant source of encouragement that enabled me to complete this work successfully.

I have great pleasure in expressing my deep sense of gratitude and indebtedness to Dr. P.Kolandaivel, Professor of Physics, Bharathiar University, Coimbatore, for providing all kinds of facilities to carry out my research work with continuous guidance, valuable suggestions and constant motivation, without which this thesis would not have materialized.

I am deeply indebted to acknowledge Arutchelvar Dr. N. Mahalingam, Chairman, Dr. B.K.Krishnaraj Vanavarayar, Vice-Chairman, Shri S.K.Kalyanasundaram, Secretary, NGM College, and Prof. C.Ramasamy, Secretary, NIA Educational Institutions, Pollachi, who have been constantly providing support and guidance to me in all walks of my life.

I am especially grateful to Dr. Sa.K.Narayandass, Professor and Head, Department of Physics, Bharathiar University, Coimbatore, for his lovable care and motivation throughout the period of my research.

I would like to acknowledge Dr. B.G.Gowenlock, Emeritus Professor, Department of Chemistry, University of Exeter, UK, and Dr. K.Senthilkumar, Post Doctoral Fellow, Department of Radiation Chemistry, Delft University of Technology, Delft, The Netherlands, for their valuable suggestions and constructive comments.
I wish to thank Prof. M. Prasadkumar, Principal, Prof. K. S. Balasubramanian, Head, Department of Physics, NGM College and Prof. A. Renganathan, Head, Department of Physics, Government Arts College, Coimbatore, for their kind support and co-operation.

Needless to say, I am grateful to all my colleagues in the Department of Physics, NGM College, Faculty members of Physics, Bharathiar University and Government Arts College, Coimbatore, for their unstinted support.

I would like to make a special mention about Mr. P. Selvarengan, Mr. L. Senthilkumar, Mr. S. Vijayakumar, Mr. N. Santhanamoorthi, Ms. V. Nirmala, Ms. G. Praveena and Ms. K. R. Geethalakshmi, Research scholars, Department of Physics, Bharathiar University, Coimbatore, for providing all kinds of assistance with cordial atmosphere during the entire period of my research work at Bharathiar University.

I owe sincere regards to all my friends and Postgraduate students of Physics for their cordial assistance by all means.

My acknowledgement would not complete without expressing gratitude for the unrelenting support of my family members, especially to Mrs. Sathyabama Anandan and Shruthi Anandan, who have endured my drastically curtailed involvement in their activities, which resulted from the days of my dedicated involvement in the research.
