ACKNOWLEDGEMENT

I take immense pleasure to express my deepest gratitude, indebtedness and respect to my guide, Dr. K. SWAMINATHAN, Professor and Head, Department of Biotechnology, Bharathiar University, Coimbatore for his pivotal elucidations of intricate concepts, valuable guidance and tireless help without whom the work would not been completed successfully.

I am grateful to Dr. R. Boopathy, Professor, Department of Biotechnology, Bharathiar University, Coimbatore for his help in my course of study.

I am very much thankful to Dr. S. Pattabhi, Head, Department of Environmental Sciences, P. S. G College of Arts and Science and Dr. G. Selvakumari, Assistant Professor, Department of Chemistry, Coimbatore Institute of Technology, Coimbatore for their amity and encouragement during the course of study.

My special thanks to my seniors, Dr. G. S. Murugesan, Lecturer, Department of Biotechnology, Bannari Amman Institute of Technology, Sathyamangalam, Dr. J. Angayarkanni, Lecturer, Department of Biotechnology, Bharathiar University, Coimbatore and Dr. D. Kavitha, Post-Doctoral Researcher, Department of Environmental System Engineering, Hallym University, Kangwon, Republic of Korea, for their assistance in carrying out my research work.

My heartfelt gratitude to Dr. K. Vijayaraghavan, Post-Doctoral Researcher, Department of Chemical Engineering, Prof. Sung-Phil Mun and Mr. Chang-Sub Ku, Division of Forest Science, College of Agriculture and Life Sciences, Chonbuk National University, Chonju, Republic of Korea, for providing instrumentation facilities and timely contribution during the course of study.

Cordially, I thank my colleagues Mr. R. Jayabalan, Mr, R. Selvakumar, Ms. S. Savitha, Ms. K. K. Deepa, Ms. S. Kavitha, Mr. S. Sadhasivam and Mr. S. Sathish, for their moral boosting kinship and timely help.
My deepest sense of gratitude and affection are amenably expressed to my
husband Dr. M. Sathish Kumar, my parents, sister and her family who have
always been my source of strength and inspiration. My special thanks to my son
Kevin for being my driving force to reach higher goals and for cooperating
whenever the need arose.
