LIST OF PUBLICATIONS

The work presented in this thesis has been published/accepted for publication in the following journals.

R. Karvembu and K. Natarajan

2. Synthesis and spectral studies of binuclear ruthenium(II) carbonyl complexes containing bis(β-diketone) and their applications.

R. Karvembu and K. Natarajan

R. Karvembu, C. Jayabalakrishnan, N. Dharmaraj, S. V. Renukadevi and K. Natarajan

4. Thiobis(β-diketonato)-bridged binuclear ruthenium(III) complexes containing triphenylphosphine or triphenylarsine: Synthetic, spectral, catalytic and antimicrobial studies.

R. Karvembu, C. Jayabalakrishnan and K. Natarajan

5. Synthetic, catalytic and biological studies of new binuclear ruthenium(II) complexes containing thiobis(β-diketone) and triphenylphosphine.

R. Karvembu and K. Natarajan
*Polyhedron*, (accepted).
