ACKNOWLEDGEMENT

I am immensely and highly indebted to my guide Dr. C. Suyambulingam, Professor and Head, Department of Mathematics, Agriculture and Research Institute, Killikulam, Vallanad, for his guidance, encouragement inspiring discussions and invaluable help offered during my research work.

I profoundly thank Dr. P. Balakrishnan, Director of Technical Education, Madras - 25 and Prof. M. Ramasamy, Principal, Government College of Technology, Coimbatore for their permission to carry out this work at Government College of Technology, Coimbatore.

I sincerely thank Prof. and Head, Department of Mathematics, Sri M. Balasubramanian, Government College of Technology, Coimbatore for his encouragement in fulfilling this task.

I am highly indebted to Dr. S. Varadarajan, Retd. Professor of Tamil Nadu Agricultural University, Department of Economics for his valuable help in preparing this thesis.
I do thank Sri. K. Nellayappan, the librarian, GCT who has
constantly helped me to get reference books and in processing data.

I have a deep sense of gratitude, M/s. Timppur Exporters Association, The South India Hosiery Manufacturer's Association, the librarian SITRA, librarian SD61, the General Manager, District Industries Centre, Coimbatore and the hosiery unit holders in helping me for collection of data.

I thank Sri. R. Suresh Kannan, M/s. Sri Manari Kreations, and Mr. M. John for typing the report in time.

I thank Dr. P. Rajendran, Asst. Professor, Department of Chemistry, Government College of Technology, Coimbatore for rendering manual and personal help in preparing the thesis.

Last but not the least, I keep on record the sense of encouragement and help rendered by my wife Mrs. K. Uma Maheswari and my son Master. K. Aravinda for their encouragement and enormous help rendered in fulfilling this task.
