Acknowledgement

I owe my thanks to the Almighty God from my heart, who blessed me with this opportunity. With His blessings only I could work and complete this research.

I would like to take this opportunity to thank all the persons whose constant encouragement and guidance has helped me with this thesis work.

I am extremely thankful to Suresh Gyan Vihar University, Jaipur which gave me the opportunity to work on the doctorate and am equally thankful to my working organization, Birla Institute of Technology, Mesra, and Birla Institute of Technology, Extension Centre, Jaipur which supported me to attain my doctorate at SGVU, Jaipur.

I express my sincere thanks to the Chancellor of the Suresh Gyan Vihar University, Jaipur, Dr. Sudhanshu Sharma, who has created a very supportive academic environment and personally also he supports and takes interest in the benefit of the students. Because of him numerous students are able to learn with a scholarly environment.

I express my sincere gratitude to my guide Dr. Vijay Singh Rathore, Professor (Director), Shree Karni College, Jaipur, who has always been very supportive and encouraging with this thesis work. With his support I was able to work persistently during this long duration.

I am thankful to Mr. Inder Singh Solanki, RAS, for his constant and personal support towards the completion of my Ph.D.
I offer my heartful thanks to the Dean (Research), Suresh Gyan Vihar University, Jaipur, Dr. S.C. Dwivedi, and Dr. R.C. Chhipa (Department of Chemistry) who gave me an opportunity to carry out the research work and the immense support whenever necessary.

I thank sincerely the Technical Expert, Dr. P.D. Murarka, Suresh Gyan Vihar University, Jaipur, who grilled my work with his experience at IIT – Kharagpur and helped me to restructure the work with resilience.

I am thankful to Dr. H.C. Pandey, ex-Vice Chancellor, Emeritus, BIT, who gave me the opportunity to work at BIT and always encouraged everyone to perform quality work and enhance the qualifications.

I am thankful to Dr. Abhinav Dinesh, Director, BIT Jaipur without whose support and timely advises for the paper publications and quality work, I would not have been able to pursue my doctorate so smoothly. When I started Ph.D. my children were very small and I needed to manage between college responsibilities and home responsibilities and undeniably I am greatly thankful to him for supporting me to manage both the responsibilities well.

Studying at SGVU was always very encouraging. Whenever I approached the university, all the college staff was always very prompt to help a research candidate. They realized the importance of time and effort, which a research candidate has to come across.

I am thankful to Dr. (Mrs.) Madhavi Sinha, Department of Computer Science, BIT Jaipur, and Dr. O. P. Rishi, Department of Computer Science, Central University of Rajasthan, Kishangarh, for their constant support during my working on this research. Whenever in qualm they was beside me. Their suggestions helped
me to shape the research. Besides my research guide it was Rishi ji who showed me the path of this work.

I have to thank Dr. (Mrs.) Bhawna Agarwal, a statistician, Department of Mathematics, BIT Jaipur, for her support in making of this thesis, her help with the process of proving my work. I enjoyed learning Petri - nets with her, which forms the basis of process proving.

I thank Mr. Alok Pandey, In charge, Systems, BIT Jaipur, for his support. Whenever there was any hardware grievance or any software support needed he always promptly made it available to me. And I cannot go about without thanking his support team of Mr. Tiju Thomas, Mr. Ajay Nagar, Mr. Ajay Bhati and Mr. Ummed Singh, the smart young boys helping the support system of our college.

I thank my Time Table team at BIT Jaipur, Mrs. Jyoti Sharma and Mr. Sumit Kulshrestha, for working promptly and supporting me in off time hours also, so that I can carry with my thesis work in time.

I would also like to thank Miss Lata Mannani and Master Amit Kr. Jha of MCA III, BIT Jaipur, for helping me in the procedural work carried out for the completion of the research.

There are many persons at my college who have been constantly wishing me success and helped me in form or the other and I owe thanks from the bottom of my heart to all of them, Mr. Abhishek Gautum, Mr. Abinash Pankaj, Mr. Anand Srivastav, Dr. Anirudh Sahni, Dr. Anuj Jhankal, Mr. B. Pathak, Mrs. Deepa Mordia, Dr. Dheeraj Bhardwaj, Mr. D.R. Chauhan, Mr. G. Murlidhara Bhat, Dr. Gurminder Singh Malhotra, Mr. Inder K Dadheech, Mr. K.P. Vasudevan, Mr. N.C. George, Mr. P.K. Sharma, Mrs. Pankaj Sharma, Mr. Piyush Gupta, Dr. Pramod Bubna, Mr. Raj Bhargava, Dr. Ram Prakash, Mr. S.K. Sharma, Mr. Sanjay Tambi, Mr.
Santosh Kr Agarwal, Mr. Santosh Kr Sharma, Mrs. Seema Gaur, Mrs. Sulochana Nair, and Mr. Vivek Gaur.

I also want to thank my seniors who are now not working with Birla Institute of Technology, but because I worked under them earlier somewhere their blessings are always with me, Dr. P. K. Mohanti, Brig. K.N. Pandit, Maj. Narpat Singh, Mr. Ashutosh Gupta and also other friends of mine, Mr. Rajeev Srivastava, Ms. Poonam Kshtriya.

I thank my uncle Mr. J.K.K. Singhani, ex - Chief Engineer (Military Engineer Services), who prays everyday for my success and his prayers have come true. I thank Col. Ashok Kumar and his sons Commandant Rahul and Mr. Rohit for their good wishes.

The support of Mr. Gulab Singh and Mr. Yuvraj Singh is commendable in completion of my research. And I thank them from my heart.

My early school teacher Sister Fidelia, Sophia School, is always there in my heart when I think of those who always wish me good lucks. And I thank her for her support in many forms always.

In this quest for research I am thankful to all my family members.

I want to thank Mrs. and Mr. R.D. Mathur my father-in-law and mother-in-law, who allowed me to go along with this work. Iam very much thankful to my husband, Deepak Mathur, EE (Civil Engineer), who beared with me all these years and took good care of our small kids when I used to work all night onto this research. His constant support made me wade through with no trouble.
I thank my grandparents Mrs. and Mr. J.P. Bhatnagar, my maternal grandparents Dr. and Mrs. K.P. Bhatnagar who are always showering their blessings from the Heaven onto me whenever iam on the path of good work.

I take the opportunity to thank my uncles, Dr. Satendra Prasad Bhatnagar, BIT Mesra, ex-BITSian whose blessings have made me attain the heights at university level. Dr. Ravindra Prasad Bhatnagar, Professor, Department of Chemistry, BIT Mesra, ex BITSian, who has been always there besides me while I was working this thesis. He helped me like a guide. Not a man of computers but has expertise on research work. His constant motivation and guidance kept me on toe to keep going. Dr. Sunil Prasad Bhatnagar, a medical doctor who was next to me for any support I needed from anyone anywhere. Er. Brijendra Prasad Bhatnagar, EE (Civil Engineer) who has always been keeping track of my progress and motivating me to complete my work within time. Iam also thankful to my aunts Mrs. Shashi Bhatnagar and Mrs. Rashmi Bhatnagar and all my cousins. I also thank my uncle Mr. Inder Prakash Bhatnagar for his good wishes.

This work would have not started without the constant thrust of my beloved father, Mr. Satya Prakash Bhatnagar. Daddy has always wanted me to do research. It is his dreams that I have tried to make true. Actually, it has been the efforts of my father and my beloved mother, Mrs. Urmila Bhatnagar. They are the ones who have labored hard, and made me achieve this goal. They were there to carry my babies in arms and in parks when I was working on this work. They shed their sleep and raised my kids for my comfort. When I should have been caring my kids, it was they who were taking care of them. I do not have appropriate words to thank them. In fact I do not know how to thank them. I simply dedicate this work to both of them.

I thank my both the small kids, who are five and a half and four and a quarter years old, and take this opportunity to call them as Aditya Bhatnagar Mathur (Dimpy
Lucky) and Anupama Bhatnagar Mathur (Dolly Fruity). I thank you for letting me complete this work with your complete support.

In my acknowledging many in case I have missed mentioning some names, I still am thankful to them all from the bottom of my heart.
