Acknowledgement
ACKNOWLEDGEMENT

I express my deep sense of gratitude to my guide, Dr. D. Mangalaraj, Professor, Department of Physics, Bharathiar University, Coimbatore, for his able guidance and valuable advice throughout the course of my research. His strong will, untiring patience and extremely understanding nature has really been the constant encouraging factor during the ups and downs of my days in this department. He wielded the essential goal at the right junctures without attempting to cramp my natural ways of working and thinking.

I wish to express my gratefulness to Prof. Sa. K. Narayandass, Head, Department of Physics, Bharathiar University, Coimbatore for his valuable ideas, insightful suggestions, stimulated discussions and comments, above all for his constant encouragements and wishes throughout this research work.

With the deep sense of gratitude I sincerely thank the University Grants Commission (UGC), New Delhi for awarding me Project Fellowship.

I am thankful to Dr. George Rusu and Prof. O. F. Caltun, Solid State Dept, Faculty of Physics, Al. I. Cuza University, Iasi, Romania for spending their valuable time for optical and electrical measurements.

I am thankful to Prof. G. Mohan Rao, Mr. K. P. S. S. Hembram, Dept of Instrumentation, Indian Institute of Science, Bangalore for spending their valuable time for XRD and α-Step thickness measurements. And also I am thankful to Dr. David C. Ingram, Edwards Accelerator Laboratory, Department of Physics and Astronomy, University Terrace, Ohio University, Athens, Ohio for spending their valuable time for RBS measurements.

I express my profound sense of indebtedness to Prof. K. P. Vijayakumar, Head, Department of Physics, Cochin University of Science and Technology (CUSAT), Cochin, for extending photoconduction facility. I also extend my thanks to Mr. K. C. Wilson, Research Scholar, Department of Physics, and CUSAT, COCHIN for spending his valuable time for the measurement.
I am thankful to **Prof. P. V. Selvaraj, Dr. M. Kumaravel**, PSG Tech, Coimbatore, for extending LCZ facility for the a.c. conduction and dielectric studies. And also I wish to thank **Prof. G. Vanithakumari**, Head, Department of Zoology, Bharathiar University for extending the spectrophotometer facilities. I also thank **Mr. C. Gunasekaran and Mr. V. Maruthappan**, Department of Zoology for spending their valuable time for optical measurements.

A special piece of gratitude is due to **Dr. P. Meena**, Faculty of Physics, Krishnammal College of Arts and Science, Coimbatore, for her invaluable suggestion and reformation of the language in the thesis to bring out the results clearly and effectively.

Special thanks go out to **Mr. M. Thamilselvan, Mr. K. Premnaezer and Mr. S. Gopal** for useful discussions related to research area and providing me important complementary informations.

I am greatly indebted to **Dr. B. Karunagaran**, Post Doctoral Fellow, School of Information and Comm. Engg., Sungkyunkwan University, South Korea, for his help in characterization studies.

I am greatly indebted to **Dr. D. Nataraj**, Post Doctoral Fellow, Gas Hydrate Research group, Institute for Energy Utilization, National Institute of Advanced Industrial Science and Technology, Japan for his help in AES analysis. I am thankful to **Dr. K. Senthil**, Post Doctoral Fellow, Research Institute of Electrical Communication, Tohoku University, Japan and **Dr. K. Prabakar**, JSPS Fellow, Japan for his support in useful discussions. I thank **Dr. M. Sridharan**, Post Doctoral Fellow, Universitat Autonoma de Barcelona, Spain for his help in AES measurements. I wish to thank **Dr. R.T. Rajendra Kumar**, Post Doctoral Researcher, Stockholm University, Sweden.

It was a pleasant experience to work and learn with my co-research workers **Dr. S. Muruganand, V. Senthilkumar, S. Venkatachalam, Y. L. Jeyachandran, R. Sriranjini, S. Agilan, D. Sounderarajan, P. Peranantham, M. Suresh**...
Kumar, K. Dhayalraj and I thank them for their company both academically and socially.

I also thank Miss. P. C. Chitra, Miss. N. N. Praveena and Miss. K. Meenambikai, for their help and support. I am very much thankful to all my friends in the Department of Physics and Men’s Hostel for their care and encouragement.

I take this opportunity to thank Dr. T. Premkumar, Post Doctoral Fellow, Korea, Dr. S. Baskar and Dr. V. Rajeshkannan, SRF, Dept of Botany, Bharathiar University for their company both academically and socially.

I am extremely happy to thank Mr. K. Swaminathan, Mr. R. Ravi, Mr. D. Jayakumar, Mr. S. Suriya Narayanan, Mr. T. Dharmarajan, Mr. K. Prathap, Mr. S. Rajakumar, Mr. R. V. Rajesh, Mr. M. V. Sureshkumar, Dr. P. N. Damodaran, Dr. T. Suresh, Mr. G. M. Braiomanathan, Mr. P. Senthilkumar, Mr. R. Subashkumar, Mr. P. Selvarengan, Mr. R. Deivendran, Mr. S. Vijayakumar Mr. C. Anbalagan, and Mr. T. Sureshkumar for giving me a nice company and made my stay happier in the midst of usual worries a researcher has to face.

I am highly indebted to my loving brothers Mr. C. Gopal, Mr. C. Govindarajan, Mr. C. Nagarajan, Miss. R. Priyalakshmi, Mr. R. Umashankar, Miss. S. Shobana, Mr. S. Deepanchakravarthi, Mr. L. Divakar, Mr. L. Dinesh, and Mrs. G. Umamaheswari, Mrs. G. Geetha ananthi, G. Shankaranarayanan, G. Shanmugapriya, G. Pathrinarayanan, Mr. M. Suresh and Mr. Murugan for their constant encouragement and support in all ways to carry out my work successfully.

Finally, I wish to express my deep sense of gratitude to my parents and family members for their support and patience in every respect, which helped me to concentrate in my work.

C. Viswanathan
