ACKNOWLEDGEMENT

My deepest gratitude is to my Guide, Prof. Manojkumar N. Parmar, Supervisor, SGVU. I have been amazingly fortunate to have an advisor who gave me the freedom to explore on my own and at the same time the guidance to recover when my steps faltered. He taught me how to question thoughts and express ideas. His patience and support helped me overcome many crisis situations and finish this research work. I hope that one day I would become as good an advisor to my students as he has been to me.

My Dean, Dr. S. C. Dwivedi, School of Research, SGVU, Jaipur has been always there to listen and give advice. I am deeply grateful to him for the long discussions that helped me sort out the technical details of my work. I am also thankful to him for encouraging the use of correct grammar and consistent notation in my writings and for carefully reading and commenting on countless revisions of this manuscript.

I also thank the authorities of Suresh Gyan Vihar University for granting me necessary permission to carry out my research work.

I am also grateful to the following former or current staff at School of Research, SGVU, for their various forms of support during my research work.

The technical help received from SICART, Department of Chemistry, S.P.University, LCIT, Bhandu and S. K. Patel College of Pharmaceutical Education & Research, Kherva for the preparation of crystal growth and its characterizations is gratefully acknowledged.

I would like to express my thanks to Prof. V. G. Patel and Dr. Dhara Patel who have assisted me at various stages of my research work.
Particularly, I would like to acknowledge Prof. R. M. Patel, Principal, M. L. Institute of Diploma Studies for the many valuable discussions that helped me understand my research area better.

I also wish to express to my feelings of heartfelt thanks to my research colleagues Mr. V. D. Patel and Mr. K. P. Patel for their ceaseless help and cooperation all throughout this onerous task.

Many friends have helped me stay sane through these difficult years. Their support and care helped me overcome setbacks and stay focused on my research work. I would like to acknowledgement Mr. M. M. Patel, Mr. M. K. Patel, Mr. M. D. Patel, Mr. A. B. Patel, Mr. I. M. Khabhati and Mr. R. H. Prajapati for their encouragement. I greatly value their friendship and I deeply appreciate their belief in me.

I am also indebted to the faculties of M. L. Institute of Diploma Studies, Bhandu whom I have interacted during the course of my research work.

Most importantly, none of this would have been possible without the love and patience of my family to whom this research work is dedicated to. There has been a constant source of love, concern, support and strength throughout the duration. I would like to express my heart-felt gratitude to my family.

Lastly, I offer my regards and blessings to all of those who supported me in any respect during the completion of the research work.

Kirtikumar R. Patel
