LIST OF ILLUSTRATIONS

1. Bar diagram showing the means of pre test and post test on Percent Body Fat of CEL, CEW, YP and control groups 107
2. Bar diagram showing the means of pre test and post test on Lean Body Mass of CEL, CEW, YP and control groups 108
3. Bar diagram showing the means of pre test and post test on Flexibility of CEL, CEW, YP and control groups 109
4. Bar diagram showing the means of pre test and post test on Cardio Respiratory Endurance of CEL, CEW, YP and control groups 110
5. Bar diagram showing the means of pre test and post test on Muscular Strength Endurance of CEL, CEW, YP and control groups 111
6. Bar diagram showing the means of pre test and post test on Resting Heart Rate of CEL, CEW, YP and control groups 112
7. Bar diagram showing the means of pre test and post test on Maximum Oxygen Consumption of CEL, CEW, YP and control groups 113
8. Bar diagram showing the means of pre test and post test on Systolic Blood Pressure of CEL, CEW, YP and control groups 114
9. Bar diagram showing the means of pre test and post test on Diastolic Blood Pressure of CEL, CEW, YP and control groups 115
10. Bar Diagram on Ordered Adjusted means of Percent Body Fat 119
11. Bar Diagram on Ordered Adjusted means of Lean Body Mass 123
12. Bar Diagram on Ordered Adjusted means of Flexibility 127
13. Bar Diagram on Ordered Adjusted means of Cardio Respiratory Endurance 131
14. Bar Diagram on Ordered Adjusted means of Muscular Strength Endurance 135
15. Bar Diagram on Ordered Adjusted means of Resting Heart Rate 139
16. Bar Diagram on Ordered Adjusted means of Maximum Oxygen Consumption 143
17. Bar Diagram on Ordered Adjusted means of Systolic Blood Pressure 147
18. Bar Diagram on Ordered Adjusted means of Diastolic Blood Pressure 151
