Acknowledgement
ACKNOWLEDGEMENT

I wish to express my deep sense of gratitude and indebtedness to my beloved guide Dr. P. Lakshmanaperumalsamy, Professor and Head, Department of Environmental Sciences, Bharathiar University, Coimbatore for his inspiring guidance, continuous encouragement, learned counsel, personal affection, thoughtful comments, constructive criticism, parental care, keen interest and untiring help provided through out the course of the study.

I am grateful to Dr. K. Swaminathan, Reader, Department of Biotechnology, Bharathiar University, Coimbatore for his constant encouragement and valuable suggestions and guidance rendered at various stages of this study.

I am extremely thankful to Dr. C. Namasivayam, Dr. C. V. Subbhuraam, Dr. S. Balasubramainan and Dr. M.V. Usha Rani, Professors, Department of Environmental Sciences, Bharathiar University, Coimbatore for their help and encouragement in my course of study.

I place on my sincere thanks to Dr. K. Shanthi, Lecturer (SG), Department of Environmental Science, PSG College of Arts and Science, Coimbatore for her, fruitful discussions and encouragement to carry out my thesis successfully. I am extremely thankful to Dr. S. Pattabi, Head, Department of Environmental Science, PSG College of Arts and Science, Coimbatore for his timely help.

I am very glad to express my sincere thanks to Defense Research and Developmental Organization, Defence Laboratory, Jodhpur, Rajasthan for providing me the Junior Project Fellowship to undergo my Ph.D., studies.

I owe my deep seated gratitude and heartfelt thanks to Mr. S. Rajakumar, Research Scholar, Department of Environmental Sciences for his moral support, constant encouragement and helpful discussions throughout the study. I express my thanks to Ms. A. Vijaya Chitra for her valuable suggestions encouragement and help rendered in all possible ways.

I would like to express my sincere thanks to Dr. G. Vivekanandhan, Dr. T. Suresh, Dr. P. K. Sheik Mujibur Rahman, Dr. H. Vishwanathan,
Dr. K. Savithamani and Dr. Deepa Edwin for their timely help, suggestion and discussion throughout the study.

My deep sense of gratitude is due to my colleagues Mr. Tha. Thayumanavan, Mr. R. Subash Kumar, Mr. P. Velmurugan, Mr. P. Thavamani, Ms. S. Tamilarasi, Mr. K. Prabakaran, Mr. K. Prathap, Mr. M.V. Suresh Kumar, Ms. D. Kavitha, Ms. S. Sumithra, Ms. M. Prasanthi Devi, Mr. S. Suriya Narayanan, Mr. D. Jayakumar, Dr. S. Siva Kumar, Mr. P. Senthilkumar, Mr. M. Dinesh Kumar and Mr. P. Duraisamy, Department of Environmental Sciences, Bharathiar University, Coimbatore for their timely help in conducting the experiments.

I place my sincere thanks to my other colleagues Dr. K. Murugesan, Dr. M. Satish Kumar and Mr. R.V. Rajesh, Department of Biotechnology and Mr. Y. L. Jeyachandran and Mr. P. Peranantham, Department of Physics, Bharathiar University, Coimbatore, for various services rendered by them during the course of my experiments. My profound thanks are also due to Dr. Angayarkanni Palaniswamy and Mr. J. Ganesan, staff, Department of Biotechnology for the timely help rendered at various stages of this study.

I thank the M.Sc., students, Ms. D. Prabha, Technical Officer, Mr. C.M. Sudhakar and Mr. K. Manoharan, Office staffs, Department of Environmental Sciences, Bharathiar University, who had shared their time with me caring the period of the study. I express my gratitude to Mr. R. Ananthan, Department of Plant Science, Bharathiar University, Coimbatore, for the cover page design. I am also thankful to Mr. P. Selvaraj, Head, Department of Biochemistry, K.S.R. College of Arts and Science, Tiruchengode for his constant encouragement and help.

I place my deep sense of honour and respect to my father, Mr. P. Munusamy, my mother Mrs. M. Mariyammal, my beloved wife Mrs. A. Yasodha, my loving son Master. A. Kanish Ragunaath and my sister Mrs. M. Thavasikodi for their forbearance and encouragement during the period of my study.

I owe my sense of gratitude to ALMIGHTY for his blessings to complete my thesis successfully.

P.M. AYYASAMY
