ACKNOWLEDGEMENT

The research scholar expresses his profound gratitude and sincere thanks to the Chancellor Dr.K.Kulundaivel and Vice-Chancellor Dr.Saroja Probhakaran of Avinashilingam Institute for Home science and Higher Education for women (Deemed University), Coimbatore for the permission granted to me to under take this study.

My sincere gratitude to the Swami Anuraghananda, Secretary, and Dr.G.Palaniswamy, Principal, Ramakrishna Mission Vidyalaya Maruthi College of Physical Education, Coimbatore, for the opportunity given to me to pursue the Doctoral research programme in the institution.

I am always indebted to Dr.A.Pushparajan, Director, Professor and Head, Department of Physical Education, Bharathiar University, Coimbatore who is also the source of inspiration to do the Doctoral Research and permitted me to register in Maruthi College of Physical Education while he was served as Principal. Also I thank him for his valuable suggestion in every aspect throughout the study particularly in statistical analysis.

I sincerely thank to Dr.S.T.N.Rajeswaran, Lecturer(SS), Ramakrishna Mission Vidyalaya Maruthi College of Physical Education, for his valuable guidance and encouragement in the formulation and execution of this thesis.

The research scholar expresses his profound and sincere thanks to Mrs.Dr.Maragatham Dean, Faculty of Engineering, Avinashilingam Institute for Home Science and higher Education for women (Deemed University), Coimbatore, who graciously permitted me to take up this study and work on it.

The scholar expresses his grateful thanks to Prof.Sr.Nympha, Principal, Nirmala College for Women Coimbatore. Mrs.MrinaliniR.David, Principal, Bishop Appasamy College, Coimbatore, for their help me to conduct this study with their students as subjects.
The investigator owes his special recognition of thanks to Dr. R. Saravana Selvan, Reader, Academic Staff College, Bharathiar University, Coimbatore, for his countless hours of overseeing the thesis and efforts that led to many worthwhile changes and additions in the construction of this study.

I thank Mrs. K. Jayalakshmi, Director of Physical Education, Nirmala College for Women Coimbatore and Mr. A. Sathiyamoorthi, Director of Physical Education, Bishop Appasamy College, Coimbatore for their co-operation and help during the tedious process of data collection.

My profound thanks to my husband Er. A. Senthilkumar, S.K Industries and family members for their spontaneous encouragement, and their keen interest in every aspect with human touch throughout the study, instigate me to complete this study successfully in time.

It is my privilege to express my sense of sincere gratitude to Dr. V. Perumal, Lecturer Selection Grade, Ramakrishna Mission Vidyalaya, Maruthi College of Physical Education and Sri. T. Radhakrishnan, Lecturer, Department of Physical Education, Bharathiar University; Coimbatore. Sri. G. Kumaresan, Lecturer, Department of Physical Education, Bharathiar University, Coimbatore for their selfless help at various stages of this work was always a great motivation.

I am grateful to all the students who were the subjects of this study for their whole hearted co-operation.

I am finding words to express my sincere thanks and appreciation to Sri. P. Jayaraj for his patience, affectionate, excellent and neat work.

P. MANJU PUSHPA
