ACKNOWLEDGEMENT

First and foremost, I bow my head before the God Almighty who extended to me every gesture of help in though, words and deeds and also blessed me with health, strength and confidence always. This small venture is no exception.

I am highly obliged to express my sincere gratitude and indebtedness to my esteemed guide Dr. V. R. K. Reddy, Reader, Dept. of Botany, Bharathiar University, Coimbatore, who gave inspiring guidance, creative suggestions, constant encouragement and help for the successful completion of the present study.

My sincere thanks and gratitude are due to Dr. K. Udaiyam, Professor and Head, Department of Botany, Bharathiar University, Coimbatore, for providing necessary facilities and help for proceeding my work. My sincere thanks are also due to Dr. K. Janardhanan, Dr. S. Manian, Dr. K. Francis and Dr. V. Narmatha Bai, faculty members of the Department of Botany for their encouragement during the course of this work. I am also thankful to Mrs. Noorjagan and Dr. T. Sekar, Technical Staff, Department of Botany, for their timely help.

I wish to express my deep sense of gratitude to Dr. M. K. Menon, Principal Scientist and Head, Indian Agricultural Research Institute (IARI), Regional Station, Wellington, The Nilgiris for liberally providing field and other facilities and also for his constant encouragement and valuable suggestions through the course of investigation. I am also extremely grateful to Dr. R. N. Brahma (Senior Plant Pathologist), Dr. M. Sivasamy, Scientist (Seed Technology), Dr. R. Asir and Dr. (Mrs.) Aloka Saikia, Technical Staff, and all other field and office staff members, I.A.R.I., Regional Station, Wellington for their kind co-operation and technical help.

I would like to pay my sincere thanks to Dr. Y. R. Sarma, Director, Dr. B. Chenbagam, Senior Scientist and Head, Division of Plant Physiology & Biochemistry, Mrs. Maya, Research Associate, Indian Institute of Spices Research, Calicut, for providing the laboratory facilities and technical help to carry out the biochemical studies.
With pride and pleasure, I thank my seniors Dr. P. Viswanathan, Lecturer, Achariya College of Education, Pondicherry, Dr. S. Dhamodaran, Senior Scientist, Sugarcane Breeding Institute, Coimbatore, Dr. S. Arumugam, Lecturer, K.S.R. College of Arts and Science, Tiruchengodu, Dr. A. Subhashini, Lecturer, Ethiraj College, Chennai, Dr. K. Sundaravadivelu, Technical Officer, Central Institute for Cotton Research, Coimbatore and Mrs. K. P. M. Dhamayanthi, Senior Scientist, IISR, Calicut, who encouraged me all the time and wished for successful completion of this work.

My sincere thanks are due to my juniors Ms. G. Kalaiselvi, Mr. V. R. Sathyamoorthy, Ms. K. Gajalakshmi, Ms. M. Binumol, Ms. S. Premalatha, Ms. P. Tina Magdalene and Ms. K. Hemalatha from whom I enjoyed excellent co-operation and team spirit throughout the course of investigation.

I express my wholehearted thanks to Prof. H. Stegmann (Germany), Prof. M. D. Gale (UK), Prof. M. Rodriguez-Quijano (Spain), Prof. H. C. Sharma (USA), Prof. Douglas C. Bittel (USA), Prof. P. P. Jauhar (USA), Prof. R. A. McIntosh (Australia) for supplying seed materials/reprints of their publications and useful suggestions made in the present study.

My special and sincere thanks goes to Mr. G. S. Murugesan, Mr. P. Senthil Kumar, Mr. R. Ananthan, Mr. K. M. Aravindhan, Mr. V. Rajesh Kannan, Mr. C. Basker, R. V. Rajesh, Mr. T. Suresh, Research Scholars, Bharathiar University and all my friends for their unreserved help and kind co-operation during the study.

I owe my gratefulness to my beloved parents and all my family members for extending their constant support and encouragement to me throughout the course of study.

I special thanks goes to Sree Kumuran Computers for their excellent Printing and Xerox.
