ACKNOWLEDGEMENTS

I am extremely thankful for the active involvement of my guide Prof. Dr. K.K. Suresh, Professor and Head, Department of Statistics, Bharathiar University, Coimbatore – 641 046, who encouraged me in carrying out this work. The suggestions from my guide during the latter stage of this work and report preparation are highly appreciated and remembered.

I deeply acknowledge the active involvement of Dr. S. Shanmugasundram, Retired Principal Scientist, Sugarcane Breeding Institute, Coimbatore, for guiding initial phase of this research work. His involvement with the initiation of this work and data collection is highly acknowledged.

I am indebted to The Vice Chancellor and The Registrar, Bharathiar University, Coimbatore, for providing opportunity to carry out the research work in this university and extending their cooperation.

I will be failing in my duties if I do not mention the sincere support rendered by The Director, Principal Scientists of various departments Dr. R. Balakrishnan, Dr. P. Gopalasundram, Dr. J. Srikanth and Librarian Mr. T. Shunmuganathan of Sugarcane Breeding Institute, Coimbatore. I acknowledge and thank their suggestions and their continued support.

I am extremely grateful to thank Dr. V. Ramasubramanian, Principal Scientist, IASRI, New Delhi, for his valuable suggestions during the course of this research work.
It gives me great pleasure to recollect the invaluable help rendered by several people in completing this thesis which includes Librarian, Tamilnadu Agricultural University (TNAU), Coimbatore.

I sincerely acknowledge the reviewers and editors of different journals, for accepting and publishing articles produced out of this research work. These publications have really encouraged in carrying out this research work.

Last, but not the least, I am indebted to my family members who offered their constant support during this period of study.
