ACKNOWLEDGEMENT

It is with extreme happiness I seize this opportunity to record my sincere thanks and deep sense of gratitude to my guide Dr. S. Jayakumar, Professor and Head, Department of Physics, PSG College of Technology, Coimbatore for his able guidance, valuable suggestions and constant encouragement throughout the course of the research programme. His strong will, indefatigable patience and extremely understanding nature have really been the inspiring factors. He wielded the essential goal at the right junctures without affecting my natural way of working and thinking. I am extremely grateful and deeply indebted to him for all these and much more.

I record my sincere thanks to the Principal and Management of PSG College of Technology, Coimbatore for their help and encouragement right from the start of my research work.

I am highly indebted and profoundly thankful to Dr. S. R. K. Prasad, the Director, Dr. R. Prabhakar, the Principal, Prof. E. Ramasamy, the Administrative Officer and the Management of Coimbatore Institute of Technology, Coimbatore for granting permission and offering necessary help to pursue research.

I record my heart felt thanks to Dr. M. S. Vijaya, Former Head of the Department of Physics, PSG College of Technology, Coimbatore for all the help and advice she offered. I am happy to express my heart-felt gratitude to Dr. M. D. Kannan, Selection Grade Lecturer, Department of Physics,
PSG College of Technology, Coimbatore for his useful suggestions and timely advice throughout the course of my study.

I sincerely acknowledge Mr. K. Sinnu, Head, Department of Physics, Coimbatore Institute of Technology, Coimbatore for his generosity in extending support and sufficient freedom to do research work. I am very much grateful to Dr. S. Velumani, Assistant Professor, Department of Physics, Coimbatore Institute of Technology, Coimbatore for the help and support he rendered during the course of my work.

I am extremely happy to record my profound thanks to each and everyone of my colleagues in the Department of Physics, Coimbatore Institute of Technology, Coimbatore for their excellent co-operation, affection and help.

My sincere thanks are also due to all the members of the Department of Physics, PSG College of Technology, Coimbatore for the warm support and congenial atmosphere they provided during the course of my work.

It is my duty to record my sincere thanks to Dr. C. Sanjeeviraja, Head, Department of Physics, Allagappa University, Karaikudi for extending his facilities for carrying out photoconduction studies.

I am highly thankful to Dr. M. Dhanam, Department of Physics, Kongunadu Arts and Science College, Coimbatore and Mr. M. Venkatachalam, Head, Department of Electronics, Erode Arts
College, Erode for the help, support and encouragement rendered throughout my work.

It was a pleasant and nice experience to learn and work with my fellow research workers P.Ramanathasamy and A.K. Nandakumar, Department of Physics, PSG College of Technology, Coimbatore.

I am extremely thankful to Mrs.Joyraju and Mr.Eugene Santiago, for having gone through the manuscript meticulously and made the presentation language both spontaneous and extensive.

The extreme interest and unstinting support of my parents, wife, son and R.Balasundaraprabhu, is gratefully acknowledged. I am highly thankful and deeply indebted to them for this and much more.
