ACKNOWLEDGMENT

The author is very grateful to her research supervisor Dr. R. Anitha, Assistant Professor, Department of Mathematics and Computer Applications, PSG College of Technology, Coimbatore, for her inspiring guidance, constant encouragement and constructive suggestions throughout this research work. The motivation rendered by her in molding this present work and her full-fledged support for the successful completion of this research work needs special mention.

The author is deeply indebted to Dr. R. Nadarajan, Professor and Head, Department of Mathematics and Computer Applications, PSG College of Technology, Coimbatore, for his valuable suggestions and continuous encouragement to carry out this work successfully.

The author wishes to thank Dr. R. Rudramurthy, Principal, Dr. P. Radhakrishnan and Dr. S. Vijayarangan, former Principals, PSG College of Technology and Polytechnic College, Coimbatore - 641004, for giving permission to use all facilities in the college and thus encouraging research work.

The author expresses her profound sense of gratitude to the esteemed Management of PSG Institutions for encouraging paper presentations abroad and providing all facilities to carry out this work successfully.
The author extends her sincere thanks to all her colleagues in the Department of Mathematics and Computer Applications, PSG College of Technology, Coimbatore, for their help during the development of the thesis.

The author wishes to thank Dr. P. Navaneethan, Professor and Head, Department of Electrical and Electronics Engineering, PSG College of Technology, Coimbatore, for having spent his valuable time in discussing computer networks applications to the study. The author also expresses her thanks to Ms. R Devi, Lecturer, Department of Chemistry, PSG College of Technology, Coimbatore, for discussions in Chemistry.

The author acknowledges her deep sense of love and affection and dedicates this work to her parents, family members, teachers and well wishers whom the Almighty have blessed upon her as a source of inspiration and encouragement throughout her study of research work.
