ACKNOWLEDGEMENT

I express my deep sense of gratitude to my guide Dr. D. Mangalaraj, Professor and Head, Department of Nanoscience and technology, Bharathiar University, Coimbatore for his able guidance and valuable advice throughout the course of my research. He encouraged me both socially and academically. Without him this thesis would have not been possible.

I would like to thank Prof. P. Kolandaivel, Director, School of Physical Sciences, Bharathiar University, Coimbatore, for his constant support, timely help and well wishes.

I wish to express my sincere thanks to Prof. Sa. K Narayandass, Former Head, Department of Physics, for his constant encouragement during the course of my work.

I wish to express my gratefulness to Dr. D. Nataraj, Assistant Professor Department of Physics, Bharathiar University, Coimbatore, for his valuable ideas, suggestions and timely helps.

With the deep sense of gratitude I sincerely thank the Defence Research and Development Organisation - Bharathiar University Centre for Life Sciences (DRDO-BU CLS) for awarding Senior Research Fellowship. I also extend my sincere thanks to Dr. S. Balasubramanian, Director, DRDO-BU CLS for his timely help both academically and socially.

I am grateful to Dr. K. Senthil, Post Doctoral Fellow, Centre for Information Materials, Pohang University of Science and Technology, Pohang, South Korea, Dr. R.T. Rajendra Kumar, Reader in Physics, Bharathiar University, Coimbatore and Dr. S. Venkatachal, JSPS Postdoctoral Fellow, National Institute of Advanced Industrial Science and Technology, Japan for their help in literature collection and characterization analysis.
I am extremely thankful to Dr. Yoshitake Masuda, AIST, Nagoya, Japan for extending me FE-SEM and XPS facilities. I also thank Mr. C. Periyasamy, Banaras Hind University, Varanasi, for his valuable suggestions in my work.

I extend my thanks to my co-research scholars Mr. A. Dhayal Raj, Dr. P. Suresh Kumar, Mr. S. Rajagopal, Mr. T. Elangovan, Mr. P. Vijay Bharathi, Mr. A. Joseph Nathanael, Mr. N. Sabari Arul, Mr. V.P. Devaraj, Mr. T. Palanivel, Miss. S. Bharathi and Miss. G. Radha for their timely help and encouragement during my work.

Also I wish to thank the faculty members of the Department of Physics, Department of nanoscience and technology and the non-teaching staffs for their cooperation in academics during the tenure of my research work.

I am very much thankful to Dr. P. Meena, Department of Physics, PSGR Krishnammal College, Coimbatore for her valuable suggestions and timely help during my course work.

I am very much thankful to my Co-researchers in Bharathiar University Mrs. R. Subha, Miss. H. Nithya, Mr. D. Arun Kumar, Mrs. A. Sakunthala, Miss. V. Lakshmi Miss L. Chitra and Mr. Abijit K Bhat for their timely help and support throughout my research work.

I sincerely thank my school teachers and lecturers in my under and post graduation studies for their guidance and motivation which made me to write this acknowledgement of my research work and also this is the right time to thank them.

Finally, I thank my beloved parents, brother, parents-in-law and my better half for their constant encouragement, support in every respect and patience during the course of my work.
