</table>
5.4 Social class and Departments Visited in Government Hospital - Backward Block 130
5.5 Social Class and Departments Utilised in Government Hospital - Developed Block 132
5.6 Social Class and Departments Utilised in Government Hospital - Backward Block 132
5.7 Social Class and Reasons for Non-Utilisation of the Departments in Government Hospital - Developed Block 134
5.8 Social Class and Reasons for Non-Utilisation of the Departments in Government Hospital - Backward Block 134
5.9 Social Class and Complaints Made Against Government Hospitals - Developed Block 136
5.10 Social Class and Complaints Made Against Government Hospitals - Backward Block 137
5.2.1 Social Class and Type of Private Health Centers Utilized - Developed Block 140
5.2.2 Social Class and Type of Private Health Centers Utilized - Backward Block 140
5.2.3 Social Class and Reasons For going to Private Health Centers - Developed Block 142
5.2.4 Social Class and Reasons For going to Private Health Centers - Backward Block 142
5.3.1 Social Class and Utilisation of Government and Private Health Services - Developed Block 144
5.3.2 Social Class and Utilisation of Government and Private Health Services - Backward Block 144
5.4.1 Measuring Inequality in Income - Developed 148
5.4.2 Measuring Inequality in Income - Backward 148
5.4.3 Measuring Inequality in Immunization - Developed 151
5.4.4. Measuring Inequality in Immunization – Backward
5.4.5. Measuring inequality – No. of times visited (Prenatal care)- Developed
5.4.6. Measuring inequality – No. of times visited (Prenatal care)- Backward
5.4.7 Measuring Inequality - No of Days Stayed (Natal Care) -Developed
5.4.8 Measuring Inequality - No of Days Stayed (Natal Care) –Backward
5.5.1 Inequality Ratio Between The Regions: Gini coefficient
6.1 Social Class and Utilisation of Health care Services By Gender- Developed Block
6.2 Social Class and Utilisation of Health care Services. By Gender- Backward Block
6.3 Social Class and Utilisation of Health Care Services By Age- Developed Block
6.4 Social Class and Utilisation of Health Care Services By Age -Backward Block
6.5 Social Class And Utilisation Of Health Care Services And Marital Status -Developed block
6.6 Social Class And Utilisation Of Health Care Services And Marital Status – Backward Block
6.7 Number of Times Visited - Delivery Care And Income Level - Developed Block.
6.8 Number of Times Visited - Delivery Care And Income Level - Backward Block
6.9 Household Size and Mother’s Education - Developed Block
6.10 Household Size and Mother’s Education - Backward Block
6.11 Health Expenditure and Mother's Education – Developed Block

6.12 Health Expenditure and Mother’s Education – Backward Block

6.13 Awareness and mother’s Education -Developed Block

6.14 Awareness and mother’s Education –Backward Block

6.15 Number Of Times Visited- Delivery and Occupation – Developed Block

6.16 Number Of Times Visited- Delivery and Occupation – Backward Block

6.3.1 Mother’s Education And Adoption of Family Planning – Developed Block

6.3.2 Mother’s Education And Adoption of Family Planning – Backward Block

6.3.3 Mother’s Education And Family Planning Method Adopted-Developed block

6.3.4 Mother’s Education And Family Planning Method Adopted-Backward block

6.3.5 Mother’s Age And Adoption Family Planning - Developed Block

6.3.6 Mother’s Age And Adoption Family Planning -Backward Block

6.4.1 Multinomial Logistic Estimate For The Willingness To Pay Backward Block

6.4.2 Multinomial Logistic Estimate For The Willingness To Pay Developed Block

6.5.1 Multinomial Logistic Estimate For The Curative Care – Backward Block

6.5.2 Multinomial Logistic Estimate For The Curative Care – Developed Block
6.6.1 Multinomial Logistic Estimate For Frequency of Visiting To Government Hospital- Backward

6.6.2 Multinomial Logistic Estimate For Frequency of Visiting To Government Hospital- Developed
