ACKNOWLEDGEMENTS

The work presented in the thesis has been carried out under the supervision of Dr. C. Balasubramaniam, Reader in Physics, Madras University Autonomous Post-Graduate Centre, Coimbatore. I am highly grateful for his inspiring guidance, valuable discussions and constant encouragement at all the phases of my research work.

I express my deep sense of gratitude to Dr. M. Radhakrishnan, Professor and Head of the Department of Physics, Madras University Autonomous Post-Graduate Centre, Coimbatore for the facilities provided to carry out this study and for the useful suggestions and discussions.

My sincere thanks are due to the University Grants Commission, New Delhi, Director of Collegiate Education and Sri Ramakrishna Mission Vidyalaya Arts College, Coimbatore for deputing me as a Teacher Research Fellow under the Faculty Improvement Programme.

My heartfelt gratitude are due to Founder-Director, Sri Ramakrishna Mission Vidyalaya and Principal, Sri Ramakrishna Mission Vidyalaya Arts College, Coimbatore for the interest shown on me. Also my thanks are due to the Principal and Dr. T. Soundaraja Rao, Head of the Research Department, Sri Ramakrishna Mission Vidyalaya Teachers Training College, Coimbatore for providing computer facility.

I am highly thankful to Dr. K. Narayandas and Dr. T. Mahalingam for the useful discussion with them.
I sincerely thank my colleagues Thiru K.R. Paramasivam, Thiru Bellan Babuji, Thiru D. Mangalaraj and Thiru N. Lakshminarayan for their help in the preparation of this thesis.

I am solely responsible for the errors, if any, in this thesis and these are inadvertant.
